FOR SUPREME JUDGE :

JOHN M. READ, of Philadelphia. FOR-CANAL-COMMISSIONER : WILLIAM E. FRAZER, of Fayette Co.

DR. DUFFIELD'S ADDRESS. NOW READY FOR SUBSCRIBERS.

The admirable discourse entitled "ONE HUNDRED YEARS AGO," delivered by the Rev. GEO. DUFFIELD, D. D., during the Centennial Celebration of the First Presbyterian, Church, of Carlisle, is now ready. Subscribers, and others, can be supplied by calling, or leaving their orders at the Herald Office.

Price 25 cents per copy.

CONTENTS OF THE HERALD. The poetical sketch entitled, "Wanted-Pastor," contains some amusing hits. The "Standing Candidate" is just in season, but we don't know that he has any prototypes in this region. ... The tribute to the Meeting. House Springs," by DILL A. SMITH, will be appreciated by every one whose youthful associations carry them back to that delightful spot. "Thellusson's Will," is familiar to every law student, as the foundation of the restraining statute in regard to estates, but the details of that singular case, from the London Times, give it additional interest not only to the lawyer, but also to the general reader .-"Old Hundre 1" will find a response in every heart, and we trust the "August Fashions" will be interesting to the ladies.

lacks only about six letters of being as wide as the columns of this paper. They will ave-rage sixty lines to the column. The columns numbering 1200, we have about 72,000 lines in the whole book. Nothing short of a life-time could accomplish such a work. The date of this book is A. D. 980. It was consequently made 560 years old. There is probably nothing on this continent, in the "shape of a book equal to its age. The rellum upon which it is printed, is of the finest kind and is made of the skin of young lambs and kids, dressed and rubbed with pummice stone until it is very thin. It is somewhat thicker than common paper, being a medium between

many places. A pencil mark was drawn by the operator to guide the construction of each line. Many pages have these lines visible on their whole surface, no effort having been made to rub them out. Two lines running up and down divide the columns with mathemati-cal accuracy. At the beginning of each chap ter, highly colored ornamented letters are ter, highly colored ornamented fetters are placed. These are the only marks of the di-vision of chapters. There are no subdivisions into verses, the chapter running through in one paragraph to the end, and no descriptive headings. Mr. Cass betriended this monk who was in trouble, and he, in return, presented him with the volume which we have described. Accor-ding to his story, it is the work of one of the

Two miles north-west of the town, on the banks of the creek, visitors will find the Meeting House Springs, and the ancient grave-yard. About a mile below the Springs, on the left bank-of the creck-there is one of the most beautiful Sulphur Springs in this county. TELEGRAPH BEJOIGINGS .--- We observe by exchanges, that many of the cities and towns throughout the country, are manifesting great enthusiasm over the success of the AClantic Telegraph. Bells, bonfires, illuminations and fireworks are used to mark the high Suppreciation by the people of this remarkable event. How is it in Carlisle ? With the exception of a few rockets got up on "private ecount," the news passed by without notice. Our people are either two well bred to be astonished at anything, or else it is a manifestation of that utilitarian spirit which objects to burn powder, until they see how the thing will work.

[Through the courtesy of President Buch-anan, the agent of the Associated Press is en-abled to furnish the press and the public with the following dispath to Cyrus W. Field, in response to the official announcement of the

enterprise :] BEDFORD SPRINGS, Aug. 6. CYBUS W. FIELD, ESQ.,

Trinity Bay, N. F.

"MY DEAR SIR-I congratulate you with all my heart on the success of the great enter-prise with which your name is so honorably connected. Under the blessings of divine providence, I trust it may prove instrumental in promoting perpetual peace and friendship between the kindred nations. "I have not yet received the Queen's dis-

patch. Yours, very respectfully, JAMES BUCHANAN."

It is intended, that the first regular despatch will be a message from Queen Victoria, to President Buchanan and his reply.

Resolved. That we reiterate our firm adhe *Resouved*, 1 hat we reincrite our nim nane-rence to the great principles founded and es-tablished by Thomas Jefferson, and that we will, by all fair and honorable means, hand down to posterity the bright legacy of freedom bequethed us by our fathers, untarnished in hoaor, undiminished in value, and undimmed

in splendor. One of the brightest principles, in that " Legacy of Freedom" was, that the MAJORITY SHALL RULE; and the way the Democratic party "hand it down to posterity," is by forcing a free people to adopt a Constitution without a single alternative, except on the question of slavery.

Here is another : Resolved, That what is known as the English Compromise Bill, adopted by Congress and signed by President Buchanan, was intended,

and has had the effect to put at rest the Kan sas subject. The question being now dead and buried, and the people of that territory left free to adopt a Constitution for themselves we hope no power on earth will be able to rais it from its grave.

How are the people of Kansas " left free to adopt a Constitution for themselves ?"
