ANN Amor, November 5, 1858.

Frod. O. J.-Woon—Dear Sir: I have heard much said of the wonderful effects of voint Hair Restorative, but has hig been shoften cheated by quarkery and quack instrums, hair dyes, &c., I was disposed to place your Restorative in the same actgory with the thousand and one loudly trumpeted quack remodles, until I met you in Lawrence county some months since, when you gave me such assurance as induced the tilat of your Restorative in my family—first by my good wife, whose hir had become very thin and entirely white, and before yxhausting one of your large bettles, her hair was restored nearly to its original beautiful hrown color, and had thickned and become beautiful and glossy upon, and entirely aver the head. she continues in use it, not singly because of its healthful influence upon the hair, but because of its healthful influence upon the heads and mind. Others of my family and trients are using your destorative, with the happlest effects; therefore, my skepticisy and doubts in reference to its character and value are entirely removed; and I can and do most cordailly and confidentially recommend its use by all who would have their hair restored from whiteour gray by reason of sickness or age.) to original color and heauty and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,

Very truly and gratefully yours,

FRIEND Wood: It was a long time after I saw you at Blisshield better I got the bottle of Restorative for which you gave me an erder upon your agont in Detroit; and when I got it we concluded to try it on Mrs. Mann's hair, as the strest test of its power. It has done all that you assured me it would do; and others of my family and triet.ds. having witnessed its effects, are now using and recommending its use to othersas entitled to the highest consideration you claim tor it.

Again, very respectfully and truly, yours, SOLOMON MANN.

SOLOMON MANN:

Cultyll, Ill., June 28, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair, was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and, I have no doubt, permanently so.

Continued pain or uncasiness in any organ is generally cured by one or more doses of Brandreth's Pills. Thirty years personal experience by the undersigned fully justify this assertiation.

Dr. Jaines Lull, of Putsdam, N. V., 'says:—"I have cured the most deplorable costiveness of the bawels with Brandreth's Pills, when every other remedifined failed and the patient was elven up to die. In jaundice and all affections of the liver, dyspersit, disentery and diarrhea, pleurisy, sudden pains and inclammations, femalo obstructions, seerbuile and secondinams, even gointy and neuralge affections, have given way to the use of this medicine, and now, after twenty years experience, my estimation of Brandreth's Pills continue to increase.

OBSTRUCTION. A young lady beautiful and healthy, took cold, which caused a scrious obstruction in two years; her health was broken down and her beauty departed. At length Braudreth's Pills were tried; oloven down, of from two to four, were taken in fifteen days preceding the usual period. Regularity was restored, and her health and

The child was well. PLEURISY.

A gentleman, away from home, was taken with pleurisy: the indiamination was terrible: every breath neads thin writhe with agony. Eight Brandreth's Fills were swallowed, and warn oil applied locally; the pills operated, and the pain was relieved; pienty of grued was taken, and six more pills, and the second day the patient was cured.

These statements should have weight, and prevent the use of poisonous drugs, and stop the sad practice of bleeding.
