THE FIRST PREMIUM DRILL.

The Farmers of Cumberland county are invited to fall at the Carlisle Foundry and examine the above brill, which we are now manufacturing. WILLOUGH BY'S INDIA RUBBER SPHING DRILL, is unquestionably the very best brill now in use. It was awarded the First Premium at the Pounsylvania/State Fair held in Philadelphia in October, 1857. It was awarded the First Fremium at the Cumberland County Fair last fall, and has received the First Fremium at every Fair where it has been exhibited, with but one exception. Its superiority above all others is so apparent as to only need an examination.

For seeding on fields containing stones or other obstructions it is peculiarly adapted. The depositing tubes of this Drill are so connected with India Rubber Spaings, that when they meet with any obstinction they will spring back, pass over the obstruction and impuediately regain their former position. Any rock or stamp not over 18 linches high can be conveniontly passed over without stoppage or injury to the Drill.

RANDIGETH'S PILLS PURIFY
THE BLOOD.

Continued pain or measiness in any organ' is generally cared by one or more doses of Brandreth's Fills. Thirty year's personal experience by the undersigned inly justify this assertion.

Dr. dames Lail, of Potskian, N. V., says:—"I have cured the most depictable costiveness of the box cis with draudieth's Fills,—sherevery other remeily had aligned and the patient was given up to die. Skin discasse/of anginveterate and painful chaineder, such as crysipelas, all theum, tetter and summer heat. I have some ipadicated by their use. I have cured the rheumatic, the collected the parityle and the featismplities with those excellent pills alone."

In jaundice and all affections of the liver, dysperyla, disentery and diarchea, pleurisy, studien pains at diadramations, female obstructions, scenduric and scrouglants, even gouty, and neuroligh affections, have given way to the use of this modeline, and now, after twenty years experience, my estimation of Brandreth's Fills continue to increase.

OBSTRUCTION. OBSTRUCTION.

A young lady' beautiful and healthy, took cold, which caused a serie us obstruction for two years; her health was broken down and her beauty doparted. At length Brandreth's Pills were tried; alone mays, of from two to four, were taken in fifteen days preceding the usual period. Regularity was restored, and her health and WORMS.

WORMS.

Brandreth's Pills are the best vermifuge; they are infallible. A little child, six years old, for some weeks was drooping: its mother gave it one of Brandreth's sugar coated pills; the next day there came away a werm stytem inches long, and as thick as a child's finger. The child was well.
