-STATE TREASURER. - We are gratified to see that the suggestion of the name of THOMAS E. COCHRAN, ESQ. as a candidate for State Trea surer, meets with general favor, from the edi * tors throughout the State. There seems to be but one opinion as to his qualifications for the office, and as we consider his claims equal, if not superior, to any other member of the party, whose name has been mentioned in connection with that responsible station, we hope to see him elected without opposition.

CANT PHRASES. - A party in that benighted 1 part of Illinois, called Egypt, were recently discussing a very sudden interment, says one, "wasn't that rather hurrying up the cakes?" "No," says another, "it looks more like running her into the ground."

THE VALLEY STAR. - We inadvertently omitted to notice, last week, the first appearance of the Valley Star, a new paper, just started in Newville, by Mr. J. W. Miller. It presents a neat appearance, and we hope the enterprize may be successful.

If the citizens of Cumberland county do not become a reading people it will not be for the want of newspapers. There are now seven weekly publications in this county, all of which compare favorably with those of any of the interior counties of the State.
