VERMIFUGE LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated Vermisuge and Liver Pills. We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE, For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals

subject to Worms.
THE LIVER PILLS, For the cure of LIVER COMPLAINTS, all Bilious DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the

Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS,

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. - And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough

manner. Address all orders to FLEMING BROS. Pittsburgh, Pa. P. S. Dealers and Physicians ordering from others than Flenting Bross, will do well to write their orders distinctly, and sake none but Dr. M. Lanck, prepared by Flenting-Bros. Pittsburgh. Pts. To those wishing to give thein a trial, we will forward per mail, poet paid to any part of the United States, one box of Pills for twielve three-cent amps, or one visit of Vermifugel for fourteen three-cent stamps. All orders from Caunda must be accompanied by twenty cents extra.

DOES DISEASE ORIGINATE IN
IMPURITY OF THE BLOOD;
This is a question of vital importance, and one which has never been satisfactorily disposed of by the profess sors who teach the healing art. Some maintain—and especially the old school Physicians—that life lives in the blood, and therefore still itsease originate in it—but modern science avers that allments have their origination in both the solids and finds of the bedy. That the latter prependerate, however, is a fixed-fact, and modical skill has clearly demonstrated that at least two-thirds of the ills that human-fiesh is helr to, have their source in an

There is an evil habit sometimes included in by boys, in solitude, often growing up with them to marknood; and which, if not reformed in due time, not only becets sections obstacles to matrimenhal happiness, but gives rise to a seales of protracted, insiduous and devastating affections.

Few of those who give way to this pernicious practice are aware of the consequencer until they find the ner vota gystem chattered, feel strange and unrecountable senset one, and vague fears of the mind. (See pages 27, 22, 20, of Dr K's book on "Self-Preservation.")

The unfortunate thus affected become feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak; he is dull, irresolute, and engages even in his sports with leas energy than usual.

It he connected thus affected by his marringe is unfruitful, and his sense tells him that this is caused by his carly ioilles. These are considerations which should awaken the attention of all who are similarly situated.
