We respectfully call the attention of Farmers to this justly cellebrated, anothine, it has been in use the last abven years, and wherever introduced has become a favorite unchine. Some manufacturers and agents head their circulars with Syracuse first nesalium machine. We did not attend that tigal, but have atten first premiums over justle of them in a number of trials since that time. We might boast numerous first premium, over all the most popular machines now in use, but what are large stories worth to farmer? We sell our machines upon their real merils, and ask farmers to axamine them before purchasing. We awarrant our machines to work well both in grass or grain, light or heavy standing or tellen, wet or dry. chines to work well both in grass or grain, light or heavy standing or talien, wet or dry.

An exhibition will take place at an early day, due notice of which will be given, said exhibition to take place near Carlisle. Also, an exhibition of the same kind of machine near. Mechanicsburg. Where we respectfully invite formers and sail others to attend and examine for themselves. AULEMAN & MILLER'S PATENT.

We take pleasure in calling the attention of farmers to our Buckeye Mower and "separe, which has in its triumphant practical working during the last harvest, so fully autained the decision of the much abused fyracuse Committee. Its success has been complete. Over one shousand have been built and sold, and the principal of the double, hinge, jointed and, folding bar, which belongs to this machine acclusively, permanently established as the true one for the perfect Mowers, we with confidence refer to any, or all, of the purchasers of the Buckeye for the proof of the above, from many of whom have been received the most fattering testimonials. The demand the past season was far beyond our ability to supply, and we trust that orders will be forwarded early the coming season, that none may be disappointed. To thus e requiring a combined machine we recommend with confidence our Resping statenhomel; we furnish a rear or side tiellivery.
