TWENTY-TWO YEARS' Experience has rendered Dr. K. a most successful practiti mer in the cure of all diseases of a private nature; manhood's debility, as an impediment to marriage; nervous and sexual infimilities, disease of the skin, and those arising from abuse of mercury.

TAKE PARTICULAR NOTICE. There is an evil habit sometimes indulged in by boys, in solitude, often growing up with them to maybood; and which, if not reformed in due time, not only becots serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insiduous and devastating effections. rise to a series of protracted, inciduous and devastating affections.

Few of those who give way to this pernicious practice are aware of the consequences until they find the ner yous system shattered, feel strange and unaccountable sensat ons, and vague fen s of the mind. (See pages 27, 28, 20, of Dr it's book on "Self-Preservation.)

The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is twrdy and weak; he is dul, irresolute, and engages even in his sports with less energy than usual.

It he smauclpate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his carly follies. These are considerations which should awaken the attention of all who are similarly, situated.
