June 15, 1850. FALMERS, LOOK TO YOUR IN-

Home Industry, by purchasing THE BEST COMBINEDA REAPER & MOWER

IN, THE MARKET.

HUSSEY'S PATENT OF 1847, WITH MARSH'S IM-PROVEMENT OF 1858.

This Resper will cut all kinds of tabgled or lodged Grain or Grass, wet or dry, having decided advantages over any other Resper and Mower presented to the farming community.

1st. It has an arrangement by means of Segment Boxes, at the Master-Wheel Shaft, by which the platform can be also do nowered ten inches, and remain level, thereby obviating the necessity of showing the Grain up hill who cutting law, preventing tall Grain, such as they from passing off behind before enough has been cut to make a Sharef of sufficient size. By this arrangement the Guards can be made to approach the Grain, either inclined approach to my many communing fints the ground, where the ground is uneven, or they may be turned downward so sate og ather the Grain of Grass off the ground, where the ground is uneven, or they may be turned downward so sate og ather the Grain for Grass at a canable him to cut it whether standing or lying down, and do the work well.

2nd. It has a Cashor-Wheel in front of the Machine, which removes the weight enterly iron the horse's neck, being outside of the Tongue, leaves but very little remerk yet. alde draught.

3d. The Master-Wheel travels close to the standing Gruss in mowing, and, by means of the Track Clearer, does not run over the mown Grass, leaving it lying up does not run over the move Grass, leaving it lying up loose to dry readily.

Attir for Reaping. It has a Circular Platform from which the Grain can be thrown off at the side by one man, which is of great advantage in cutting Oats or other grain that may be too green to bind when cut.

St. This Machine is much stronger and much lighter than any other one offered to the public. The reason of its strongth is, that the essential parts are made of wrength from. its strongth is, than the constitution of the mount in th Below we give a few of the many names, for reference, of men that have used our make of Resper, but without our improvement for 1859.

CERTIFICATES.

Rassra Marin Bross.: The Reaping and Mowing Machine I purchased from you hast harvest, I am perfectly satisfied with, and can cheerfully recommend it to the use of my neighboring Farmers, as being the most practical machine that has ever come under my notice. I think I am well acquainted with nearly all the Reaping and Mowing machines now in use. The case with which one can adjust the Platform.t.c.ut.any-desirable-height, while the machine is in operation, cannot fail to meet the approbation of the farming public. I am much pleased with the manner in, which it proforms its work. It acts with great dispatch, and is invaluable, for cutting ledged drain and Grass. I feel satisfied that I can cut from 10 to 12 acres of Grass or Grain per day with your machine, where the Grain or Grass may be so badly ledged as to render difficult to cut by any other process. I have great confidence in its durability and usefulness as being a labor saving machine, and take pleasure in recommending it to the consideration of my neighboring farmers; several of whom came to see its operation in my field, and all concur with me in the above recommendation.

SAM. BRUBAKER.

in the above recommendation.

Yours, &c.,

SAM. BRUBAKER.

Messer. Marsh Bros.: Having used one of your Resping and Mowing machines last harvest in taking off my harvest, it affords me pleasure in recommending its general use to the farming community. I can cut 10 or 12 acres per day with ease, and neither injure man nor least. It does its work admirably, while its simplicity cannot be excelled in adjusting the Platform to any desirable height. I am satisfied that it must be durable, as I have taken off one large harvest, both in grain and grass, and also my cloverseed, and, as yet, the machine is but very little worn. I therefore take great pleasure in recommending its general use as being the most practicable, simple, and most durable saving machine, for which; it is intended, now in use.

\*\*Nours truly,\*\* GEORGE KETSER.

\*\*Massus Baosa.\*\* The grain and grass Quiter that I purchased from you, the last harvest, has fully realized my expectations. I cut all my grain and grass with said machine when badly down, especially the grain, and mide more good work the same time, than could be done with the same amount of labor in any other way. I can do more work with the same money, with more case, and do, botter work than can be done, possibly by hand. I have every confidence that the machine will de everything you recommend it to do; and therefore take great pleasure in recommending it to my ueighboring farmers and others, as being a good, durable and practicable labor saving machine.

\*\*Kours truly,\*\* JOSEPH SAUDERS.\*\*

\*\*Marsh Error, Lancaster Co., Pa., April, 1850.\*\*

\*\*Marsh Marsh Hrow. Sirs, I do hereby certify that having purchased and used, through the last harvest, one of the Husery Respers, with Marsh's improvement, from you, thave found it to perform all that it was recommended to do in fallen, as well as standing grain; I am so well a pleased with it, that, is long as 1 follow farming. Awould not be without one; and would recommend it to my neighbor as the best Resper and Mower now in Lancaster county.

\*\* in the above recommendation.
Yours, &c.,
SAM. BRUBAKER.

duced in Lancaster county.

June 15,1859-4w.

A LLEN'S COMBINED Thave received the following letter from Jacob Bow-man, dated June 10, 1850, in relation to the trial of Respers and Mowers, at Newville. To M. B. STRICKLER & BRO.

Dean Siz:—Samuel M. Sharp, the owner of the field in which we were cutting grass when you loft; supployed me to cut the remainder. He said he liked the Alen Combined Reaper and Mover, the best. After the rain was over, I challenged the Manny and Whitenack Machines. Hursey tried it and stuck. Manny backed out, and the Whitenack djoe middling well, but clogged some. Mr. Sharp then said we should cut the remainder, we could cut it the best. So much for Allen's Combined Reaper and Mower."

JACOB EOWMAN. NEWVILLE, June 10, 1859. The above Machine is for sale at the Agricultural, Implement store of M. R. STRIORLER & DRO.

June 8, 1850.—

JACOB, SHROM.

MASURY AND WHITON 111 Fulton St., and 50 Ann St.,

NEWYORK, Manufacturers of WHITE LEAD, ZING PAINTS AND COLORS, OILS, VAINNISHES, ETC.,
Importers of English, French and Gorman Artists' Materials, fine colors in oil and water, Winsor & Newton's tube and cake colors, Brushes Mathematical, and Draughtsmey's Instruments. Drawing and Tracing Repers, Steroedopes, Steroescopic Views, &c.
The particular attention of Painters, Dealers and others, is called to the new patent in the third of putting up Lead and Zine Irains in metalic Caus, of which Massury & Whiten. Area the sole proprietors.
These Cans are intended by the inventor to obviate the difficulty heretofore cristing in putting up of Lead and Zine Irains in Lead and Zine put up in small wooden packages, is from five to ten per cent., and in many cases much more, owing to the absorption of the oil, and the consequent hardening of the paint against the wood-to say nothing of the additional labor required to mix paint ready for use, after it has become hard in the keg. The loss of the keg, too, is a consideration which should not be lost such of . The patent Can not only obviates these difficulties, but in addition therefo furnishes the consumer with a strong cases or being, which contain 2005be each, that is \$750 lb. Cans, or \$60 lb. Cass, and they may be safely shipped by rail road or otherwise to any part of the United States.

Circulars, containing cuts with full description, sont by mail on application. WHITE LEAD, ZINC PAINTS AND COLORS, OILS, VARNISHES, ETC.,

FARMTARS OF CUMBERLAND COUNTY, WHITENACK'S NEW JERSEY REAPER & MOWER.

We respectfully call the attention of Farmers to this justly celebrated machine, it has been in use the last seven years, and wherever introduced has become a favorite machine. Some manufacturers and agents head their circulars with Syracuse first bremium machine. We did not attend that trial, but have taken first premiums over loth of them in a number of trials since that time. We might heast numerous first promium, over all the most popular machines now in use, but what are large stories worth to farmers? We seil our machines su pon their real merits, and ask farmers to examine them before purchasing. We warrant our machines to work well both in grass or grain, light or heavy standing or inlien, wet or dry.

An exhibition will take place at an early day and notice of which will be given, said exhibition to take place near Carlisle. Also, an exhibition of the same kind of machine near Mechanicsburg. Where we respectfully lavitle farmors and all others to attend and examine for themselves. Machines may be seen by calling on-the-following-named gentlemen who are agents for the sale of said machines.

PRATT'S PATE N This Rake has taken the Flist Premiums at Nine different exhibitions. The public are already aware that this liake is unrivalled in any market, and is admitted by every person that has seen it work, (and who has seen other different machines work,) to be the very best rake now in use. It being an independent cast steel tooth with a cleaner attached. The large number sold, the last year, and the efforts of different parties to claim the right to, soil, and others representing theirs to be the same patent is of itself a most convincing proof of its suceriority. Over five hundred have been sold in lancaster country alone. We have now a full supply on hand to accommodate other counties. We guarantee to every purchaser an indisputable right to sell the said rake. CHAS. OGILBY. CUMBERLAND VALLEY INSTITUTE MECHANICSBURG, PA.

A. F. MULLIN, A. B., PHINCIPAL, and teacher of Mathematics and Modern Languages. THOMAS S. REESE, A. B., Assistant Pripeinal and teacher of Ancient Languages and Higher English. L. M. HAVERSTICK, Assistant in the English De-

This Institution having passed into new hards, will be reopened as a Male School only, on Theretaly, the 2d day of September next. It is the design of the present proprietors to make it, a strictly first-class Boarding School, for training and fitting boys and young moneither for college or business. An efficient corps of Institutors has been organized, whose personal interests are identified with the auccess of the Institution, and who will spare no pains to make it worthy of the coinders and patronage of the public. The Buildings of the lightfuck are ample, and well arranged for the accommodation of about ninety boarders, and all students from a road are expected to beard with the teachers.—They will thus enjoy the benefit of constant instruction. Mechanicshurg is situated in the centre of the beautiful Cumberland Valley, nine miles from Herrisburg, and well arranged for the accommodation of about ninety boarders, and all students from a road are expected to beard with the teachers.—They will thus enjoy the benefit of constant instruction. Mechanicshurg is situated in the centre of the beautiful Cumberland Valley, nine miles from Herrisburg, and will also wholesale lumber from a visual to a saw distuited with the first the properties of the saw of the instruction. The properties of the Wads, &c., a.

"BUCKEYE" MOWER AND REAPER.

The subscriber is also agent for the sale of the Syra une Fir.t Premium Buckeye Mower, with which a au-cessful Reaping attachment is now furnished.

AULTMAN & MILLER'S PATENT. We take pleasure in calling the sitention of farmers to our Buckeye Mower and Weaper, which has in its triumphant practical working during the last harrest, so fully sustained the decision of the much abused Byracuse Committee. Its success has been complete.—Oyer one thousand have been built and sold, and the principal of the double hings, jointed and folding bar, which belongs to this machine acclusively, permanently established as the true one for the perfect Mowers, we with confidence refer to any or all of the purchasers of the Buckeye for the proof of the above, from many of whom have been received the most flattering testimenials. The demand the past sesson was far beyont our ability to 'supply, and we trust that orders will be forwarded early the coming season, that none may he disappointed. To these requirings a cambined machine we recommond with confidence our Reaping attachment; we furnish a rear or side delivery.

REDUCED TO SS A YEAR! THE BEST AND CHEAPEST PERIODICAL IN THE WORLD, In consequence of the largely increased circulation, the Publishers of

LITTELL'S LIVING AGE.
Are enabled to reduce the yearly subscription price from get to \$5. The publishers are determined that no exceeds or labor shall be spared to make this THE MAGAZINE FOR THE MILLION!
And whilst boldly challenging competition, claim for it only what has been conceded by the most eniment men of this country from the time of its first publication,—(over sakenn years since) to the present day, viz:

1. That it is suitable to all classes of readers—States, men, Professional Mon, Philosophers, Peets, Students, Merchants, Mechanics, and Farmers, all of whom may derive pleasure and profit from its pages.

2. That it it may be found the reason of all the world-rhowned leviews and Periodicals of Europie, with orthogonal form own country.

3. That it contains more reading matter than any other magnaine in the world; each weekly number containing sixty four pages, and a fine Steel Perfacil, making three thousand three hundred and twenty-eight Pages in a year with fifty two Steel Engravings.

4 That it is the highly the quality of the magnature of the pages of the profit of the pages in a year with fifty two Steel Engravings.

4 That it is the highly the quantity or quality of the magnature is profit of the day,—whether its indeed by the quality of its—contents.

6. That no library is perfect without it. THE MAGAZINE FOR THE MILLION!

contents.

6. That no library is periect without it.

7. That to those with limited means, it is an admirable substitute for a library of miscoliancous books.

And finally, that as a family Magazine, it is perfectly unexceptionable in all respects.

Frice Five Dollars per annum, or thirteen cents a number, sent by mail, post paid, to any address in the United States. To Clergymen, Teachers, Students, and Clubs, Four Itellars.
