CERTIFICATE OALESS. Repub-two, LANDARER, Co., P.A., April, 1859. Mzasra, Makan Biosa: The Resping and Maying Ma-chine I purchased from you has harvest I am perfectly skilafied with, and can cheerfully recommend it for the use of any neighboring farmers, as being the most prac-tical machine that has over come under my notice. I think I ann well acquainted with nearly all the Reaping Oth, Loth, and 11th of June, 1859. Oth, 10th, and 11th of June, 1859. Whitenack 's NewJersey Triumphan' A reward of \$1000 was offered by the agent of the A reward of \$1000 was offered by the agent of the that ould beat it in all its p-ints of oxcellence, and that a Moving trial its p-ints of oxcellence, and that a Moving trial and it he the operation was as-capted by several partles, and at the thue appointed for on Thurwhay the Stin of June The invitation was as-capted by several partles, and at the thue appointed for the tyial they were on hand and ready to context the Prize. The computitors were Hussey's, Buckeys. Woolk How the simulation of the standing grass 1t was soon orident that the context was renewed beform that these trials in busy the south the formation of all operation in the standing in the standing that diverse the trials in the source of the reading that it is considered by the tail the source of was. On Priday, at Newvills. Cu abordand Valley, the context was renewed beform a committee of the ready to Standing persons, principally practical farmers and continued on Saturday near Car-Nanny's and Whitemack (so (Demock). A Newvills a committee of the ready to Standing on the standing of at least is husdred persons, principally practical farmers, not owing, nor interested, the recits of the respective machines. The committee were practical farmers, not waing, nor interested, the recits of the respective machines, the committee were tastraction of the day was, the expensation. The borse walked through with perfect wase, not so much as oper-ing has instrile. The same was a repeated in the first sevent day down was solution. The solution of the respective machine, and might be esting ing has instrile. The same was a repeated in the first sevent day down was solution. The solution of the same the solution was solution of the instrile. The same was solution of moving the same the solution in the same in one targe harvest, has fully practical gramers, not owing, nor interested, and with solute and the Whitenack's NewJersey Triumphant. In the above recommendation. Yours, &c., SAM. BRUBAKER. MESSER, MARSH BROS, 'Having used one of your Reap-ing and Nowing machines and harvest in taking off any harvest, it diff-risk non plessuring recommending its general use to the farming community. I can cut: 10 or 12 acres per day with earse, and neither injure man nor beast. It does its work admirably, while its sim-pilety cannot be excelled in adjusting the Platform too any desirable height. I am satisfied that it must be durnble, as I have taken off one large harvest, both in grant and grass, and also my cloverseed, and, say set, the unchine is but vay little worn. I therefore take great pleasure in recommending its general use as being the most practicable, shuple, and most durable eaving ma-chine, for which it is intended, now in use. Yours truly, GEORUF KEISER. RAPHO-WW, LANGATER CO, PR. April, 1866. "MESSER, MARSH BROS, I cut all my grain and grass Cuttor that 1 muchased from you, the last harvest, has fully realized my expectations. I cut all my grain and grass with said machine when headly down, especially the grain, and made more good work the same inney, with more ease, and do better work than can be down possibly by hand. I have overy confidence that have cut do eone with the same mount of Jabor in my other wy. I can do more work with the same inney, with more case, and do better work than can be down possibly by hand. I have overy confidence that have from you, have.found it to perform all that it was recom-mediage and used, through the last harverst, use of the Hussy Reapers, with Markh's improvement, from you, have.found it to perform all that it was reco-mended to do, 16 fileneas well as standing grain. I am so well pleased with it that, as hong as I follow farming, I would not be without one; and would rec-ommend to do with the reform all that it was rec-ommend to do by the provent as standing grain. I an so well pleased with it that, as long as I follow farming, I would not be without one; and

JUST PUBLISHEDQ New Method for the Piano Forte.

BY CHARLES GROBE. : Opussi 1100.

Instruction take any overselvent is substantially the guainted. The plan pursued in this work is substantially the same as has developed in villendorff - method of teach-ing languages. It commences with the simplex ei-nemate, The progress made will be gradual, so that ev-ery step will be perfectly incelligible, and be readered of positive value to the pupil. Every difficult is met with singly and after thorough analysis overcome by practice.

This method will, undaubtedly, provide teachers with a will alight, and after throrough mainlyis, overcome by practice. This method will, undaubtedly, provide teachers with a well digested, progressive, and entertaining plan by which a sound and carried knowledge of the art of playin-shieplano may be acquired with comparatively little labor and in 8 short "represe of time as will al-most soom incledible to those who have confined them-selves to some of the todilous systems here to fore in use. This work contains ten engraved figures, illustrating the different positions of the hands and fingers, and al-so a likeness of the author. Its typographical accuracy and appearance have never been equaled in any musical work that has heretofore been sud from the press in this or any other country. Topies will be sent by mail, free of postage, on the re-ceit of the marked price. LEE & WALKE". Publishers, 722 Chestnut street, Philadelphis. June 22, 1850-24
