WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated Vermisuge and Liver Pills. We do not recommend them as

universal Cure-alls, but simply for what their name purports, viz.: THE VERMIFUGE, For expelling Worms from the human system. It has also been

administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS, For the cure of LIVER COMPLAINTS, all Bilious Derangements, Sick HEAD-ACHE, &c. In cases of FEVER AND AGUE,

-preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure. As specifics for the above mentioned diseases, they are Unrivaled,

and never known to fail when administered in accordance with the directions. Their unprecedented popularity

has induced the proprietors, FLEMING BROTHERS,

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS. Pittsburgh, Pa. P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but Dr. NP Lane's, prepared by Fleming Bros. Pittisurgh, Ph. To these wishing to give them a tital, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent justings. All orders from Canada must be accompanied by twenty cents exita.

that the Indian Root Pills were first discovered. Dr Morso was the first man to establish the fact that al diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, become shick, corrupted and diseased: thus causing all pains, sickness and distress of every name; our strongth is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will foraver be bown out. How important then that we should keep the various passages of the body free and open. And logy pleasant to us that we have it in our power to put a finedictine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cilfs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sadorfic, which opens the perce of the skin, and assists. Nature in-throwing out the finer parts of the corruption within. The second is a plant, which is an Expectorant, that opens and ungelegative passage is the Jungs; and thus, if a sookhing manuer, perform its duty by throwing off phlegm, and other humors from lungs by coplous spliting. The third of the kidneys: thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountfully by the urinary or water-passage, and which could not have been discharged in any other way. For cale in Carlisle by S. W. Haverstick. DOES DISEASE ORIGINATE IN
INPURITY OF THE BEDOD!

This is a question of vital importance, and one which
has never been satisfactorily disposed of by the professors who teach the healing art. Some maintain—and
especially the old school Physicians—that life lives in
the blood, and therefore all diseases originate in it—
but modern science avers that affigients have their
origination in both the solids and fluids of the body.
That the litter prepondernte, hopever, is a fixed fact,

To ward off a large majority of diseases, as well as to ure a number which have already seized upon the sys tom, it is necessary to

PURIFY THE BLOOD. Lindsey's Improved Blood Searcher does not claim to
