practitioner in the cure of all diseases of a private na ture; manhood's debility, as an impediment to mar-ringe; nervous and sexual infimities, disease of the kin, and those arising from abuse of mercury.

The to a series of protracted, insiduous and derastating affections. Few of those who give way to this perulcious practice assaware of the consequences until they find the ner-vous system shattered, ded strange and uncecuntable sensat ons, and vague fears for the mind. (See pages 27, 28, 20, of the K's back on "Sell-Preservation"). The unfortunate thus affected becomes feeble, is una-ble to tabor with accustomed vigor, or to apply his mind to study; his step is trudy and weak; he is dull, irresolute, and engages even in his sports with less en-ergy than usual. If he cunaucipate himself before the practice has dono its worst, and enter matrimony, hij marriage is unfruit-ful, and his sense to lis him that this is caused by his carly jollies. These are considerations which should awaken the attention of all who are similarly situated.
