PEOPLE'S STATE TICKET.

FOR AUDITOR GENERAL. THOMAS E. COCHRAN, of York County.

FOR SURVEYOR GENERAL. Gen. WILLIAM H. KEIM, of Berks County.

PEOPLE'S COUNTY TICKET.

SENATOR, W. B. IRWIN, Upper Allen. ASSEMBLY, JOHN McCURDY, Shippensburg. WILLIAM ALLISON, Perry Co.

COUNTY TREASURER; A. L. SPONSLER, Carlisle. COMMISSIONER, JOHN D. GORGAS, Carlisle. DISTRICT ATTORNEY: C. P. HUMRICH, Carlisle.

DIRECTOR OF THE POOR, Col. W. H. WOODBURN, Newville. CORONER, JOHN HOLTZ, East Pennsborough.

AUDITOR. HENRY RUPP, Hampden. " SURVEYOR,

GEORGE WALTERS, Southampton. ARE YOU ASSESSED!

This important question is asked every year, by almost every paper in Pennsylvania, and we do not know that it has ever been satisfactorily answered. Whether or not, we wish our friends to remember that Friday next, the 30th inst., is the last day on which this duty can be performed, to secure a right to vote at the October election-we therefore ask again,

ARE YOU ASSESSED? If you are, you need'nt take the trouble to call at the office to answer the question, you can let us know at the polls, on election day.

ORGANIZE : ORGANIZE !!

The present election is important, as the fore-runner of the still more important issues of 1860; and the defeat of the democratic ticket, this fall, is a sacred duty imposed on you, by every consideration of public duty.

The outrages of the present Administration against the dearest rights of freedom; its studied neglect of the interests of the manufacturer; its scarcely concealed contempt for the freedom of American citizens; and its affiliation with the pro-slavery party of the south for the sake of retaining power; are all powerful incentives to action.

Let no one be idle or lukewarm. Organize in every borough and township, so that the entire vote may be brought to the polls, and a glorious victory awaits us in October.

OUR STATE TICKET.

THOMAS E. COCHRAN, our candidate for-Auditor General, and GEN. KEIM, our candidate for Surveyor General, are doing good service in the cause. We notice by the Star and Banner, that Mr. Cochran is to address the people of Adams County at Oxford and Gettysburg. We hope he may get into Cumberland before the election. Both of these gentlemen are well known throughout the State, as able and consistent advocates the and interests of the workingmen, and their majority on the 11th of October, will throw their opponents so far in the shade that they wont be heard of for a month.

THE PEOPLE'S TICKET.

Friends, are you at work for the ticket? If you are not, and thus suffer the election to go by default, you are without excuse. We have no desire to appeal to personal feeling or party predjudice; we are actuated by higher considerations of public duty. Our candidates are placed upon a platform where all can find a foothold, who wish to preserve the Federal Constitution, the Sovereignty of the States and the liberties of the people.

If you condemn the profligacy of the General Administration; the accumulation of National debt and the certain bankruptcy of the Treasury:

If you condemn the lavish expenditure of the public money on political favorites, in the shape of fat contracts for party services;

If you condemn the party that dares open ly advocate a revival of the African Slave Trade, which would convert this great country into a Slave Republic;

If you condemn the modern democratic theory, which sends Slavery along with the Constitution and flag of our Union wherever they go; you condemn the measures of the Democratic party, and you dare not sit, quietly at home on election day, when by your own vote you may defeat their ticket and thus avoid the threatened evils against the rights and liberties of the people.

Turn out then, to the Polls, and vote the People's ticket. The candidates are "good men and true," pledged in favor of a tariff for the protection of American industry; pledged to sustain all the great principles which time has demonstrated to be wise and beneficial, and whose election this fall, will be the harbinger of a glorious victory over the pro-slavery Democracy in 1860.

Our Prospects.

From all parts of the county we have cheering reports in favor of our county tickets. The popular feeling is with the Peoples Ticket; our friends are actively engaged in the different townships, and if they succeed in getting out our entire vote, we shall car ry the county by a handsome majority.-From Perry County also, if reports can be relied on, we may expect a good specimen of Sherman's-Valley thunder, in favor of the People's Party. Gentlemen well posted in the political affairs of that county, assure us that we shall carry it by an increased majority.

JUNIATA ALL RIGHT, -The Juniata Sentinel in announcing the nomination of Wm. B. Irwin as the Senatorial candidate, says :- &

"From all parts of the district we have the not cheering assurances of his triumphantelection, if we but do our duty. People of
Junista county! in. Mr. Irwin we present a
bold, unfinching, able champion of your rights,
in opposition to the wavering, timid candidate
of the Democracy, who, in the language of a
cotemporary, is neither "dish, flesh nor fowl"
and ask for him your support.

SUNDAY TRAVEL

THEIR CATECHISM .- The Committee of Ninety-Six, of Philadelphia, have agreed upon the following questions to be propounded to the Legislative candidates : First-Will you, if elected, vote and use your influence to modify the present Sunday law so as to allow passenger cars and other conveyances to run on Sunday? - Second-Will you use your influence and vote to compel city railroad companies to run their cars on Sunday? Third-Will you vote and use your influence to have a law passed by the Legislature allowing city councils to regu-Jate the matter of passenger railroad cars running on Sunday?

In reference to a repeal of the Sunday law, of which we spoke in a late number of the Herald, we are authorized to say that our Legislative candidates, Messrs Irwin, McCurdy and Allison, are opposed to any repeal of the Sunday laws, and if elected will use their best efforts to prevent any such action being taken by the Legislature.

4 THE DEMOCRATIC TICKET.

From the commencement of this political campaign, we have studiously avoided making any attack on the candidates composing holder, dared to speak out the honest sentithe Democratic County Ticket. To pursue such a course would be but to offer an insult to the common sense of our own party, without accomplishing any good; besides, we believe them to be honest, worthy men, against whom we have nothing to say, except that they are willing instruments in the hands of neth Raynor, of N. Carolina, Jno. M. Botts, a party whose measures are at war with the of Va., and H. Winter Davis, of Md., men on best interests of our Country and like many | whom, in a measure, at least, has fallen the others they must pay the penalty for being found in bad company. Dr. E. W. CRAWFORD.

This gentleman, the present Democratic ominee for State Sanator, is comparatively unknown to the voters of this county. That his political antecedents must have been entirely so to his own party in this county, is very evident, or he could not have been nomnated; whether he can receive their support on the day of election is a matter yet to be tested. In order that the Democratic vo ters of this county, may be posted as to the political character of their nominee, we extrabt the following from the Juniata Sen-

SALE OF THE PUBLIC WORKS. A correspondent of the Harrisburg Tele

raph, having his attention recently called o this question by a discussion upon the financial effects, to the Treasury of the Commonwealth to the sale of the Public Works, makes the following forcible statement in a ate number of that excellent paper:

I was long aware that there was a great, and for a long time successful attempt to keep the honest, hard working tax payers in the dark as to the true financial condition of State, as well as to the profitableness of the Public Works.

Of late years, however, enough has leaked that our Public Works should be sold.

The plunderers of the "Exact Science"

I have examined the subject with a grea deal of care, aided only by the reports of Democratic officers, and have been perfectly astonished at the gross deception practised upon the people. I find the public debt on

HENRY CLAY A REPUBLICAN. Horaco Greely, in a recent address to the Republicans of California, whilst urging a union of the anti-Buchanan forces in order to accomplish more certainly the defeat of the General Administration and its candidates, uses the following language: "The Republican party of the Union stand

ing hostility to the extention of slavery." Henry Clay said in his memorable speech on the Compromise bill, delivered in the U. S. Senate, February 6th, 1850:

on the platform of unconditional and unwaver

"I have said that I never would vote for it myself, and I repeat that I never can and never will vote, and no earthly power will eper make me_vole to_spread_slavery over territory where it does not exist." We presume it would shock the nervou

It is truly refreshing, in these days of slavish subserviency to may easily correct. the South, to recall the example of Henry Clay, who, though a Southerner and a slavements of a heart full of sympathy for the pub-

Whoever desires the prevention of the spread of stavery and the nationalization of that institution, yields and gives up all, when he yields to any policy that either x-copnices slavery as being right, or as being an indifferent thing. Nothing will make you successful but setting up a policy which shall treat the thing as being wrong. When I say this, I do not mean to say that this general government is charged with the duty of redressing or preventing all the wrongs in the world, but I do think it is charged with the duty of preventing and redressing all wrongs to itself. This government is expressly-charged with the duty of proventing and redressing all wrongs to itself. This government is expressly-charged with the duty of providing for the ever menaced the destruction of the govern-ment under which we live, is this very thing. To repress this thing, we think, is providing for the general welfare. Our friends in Ken-tucky differ from us. We need not make our

We must hold conventions; wo nust adopt platforms, if we conform to ordiour real purpose, and in-none to do anything that stands adverse to our purpose. If we shall adopt a platform that fails to recognize not only take nothing by our success, say that we act upon no other principle but a desire to have "the loaves and fishes," by which in the end our apparent success is really

an injury.

I know that it is very desirable with m anxious that that should be, but there are things seriously to be considered in relation to that matter. If the terms can be arranged, I am in favor of the union. But suppose we shall take some man up and put him upon one end or the other of the ticket, who declares binnel arginst us in regard to the preparier. himself against us in regard to the preventio of the spread of slavery, who turns up his nose and says he is tired of hearing anything about it, who is more against us than against the enemy, what will be the issue? (Why he will get no slave States after all—he has tried that the light heim hear in the mile for his work.) will get no slave States after all—he has tried that until being beat is the rule for him. If we nominate him upon that ground, he won't get a slave State; and not only so, but that portion of our men who are high-strung upon the principle we really fight for, will not go for him, and he won't get a single electoral vote anywhere, except, perhaps, in the State of Maryland. There is no use insaying to us we are stubborn and obstinate, because we won't do some such thing as this. We cannot do it. We cannot get our men to vote it. I speak by the card, that we cannot get the State of Illinois in such case by fifty thousand. We would be flatter down than the "Negro Democracy" themselves have the heart to wish to see
