HENRY RUPP, Hampden.

SURVEYOR, GEORGE WALTERS, Southampton.

. THE ELECTION. A few days more, will decide the present election contest, and our next issue must Herald forth our triumph or defeat. We fed confident it will not be the latter. We honestly believe the people of Cumberland county desire to do right, and with a full knowledge of the responsibly now resting on them, to vote right, in view of the monstrous abuses in the management of the affairs of government, by our present rulers; they have the strongest inducement to bring them to the polls, and through the ballot boxes, put the seal of condemnation on locofoco policy by voting

PEOPLE'S TICKET. WILLIAM B. IRWIN. our candidate for Senator, is fresh from the ranks of the people; and comes up to the Jeffersonian standard of being "honest and capable." As it is his first essay in politics, he has no "axes to grind," and will represent the people of this district, faithfully and fearlessly, in the Legislature. Himself a mechanic and a farmer, he is closely identified with the working classes, and their interests will be safe in his hands.

Joun McCurpy and Wm Allison, our candidates for the Assembly, are men of whom any party may be proud. During the last session of the Legislature, no member acquired a higher character for ability, integrity and attention to the wants of his constituents, than John McCurdy. His talents, character and legislative experience, will give him a prominent position, as a member of the

Wm. Allison is one of the most popular men in Perry County. His very appearance denotes firmness of character, an essential quality for honest legislation. . His abilities and great industry, will make him a useful and intelligent representative of the business interests of the Commonwealth. Both of these men are worthy the cordial support of every man in the district.

C. P. Humrion, our candidate for District Attorney is well qualified by legal education and experience to perform the important duties incident to that office. Firm in his political predilections yet liberal and conservative in his views, he has rendered himself universally popular, and was placed on the ticket by acclamation. He will make a faithful and efficient officer.

Our candidate for County Treasurer, · ALFRED L. SPONSLER, - has peculiar claims, on the people of this county for their support at the election. In the office of County Treasurer, no principle is involved. It is of no consequence what his political proclivities may be, if he possesses the proper requirements for the office. The competency and fitness of Mr. Sponsler, are admitted by all; while his crippled situation, should induce every man to lend a helping hand to one who, by an unfortunate accident, has been disabled from helping himself. Go to the Polls, therefore, and vote for Sponsler, in doing so, you but obey the promptings of humanity, and violate no political feeling.

JOHN D. GORGAS, our candidate for Commissioner, commands the confidence and esteem of this community, to as great a degree as any other citizen of the borough, and deservedly so. If to be a mechanic, is to give a man claims on his fellow laborers, outside of party ties, then Mr, Gorgas stands on a par with any other mechanic, whether a "little cooper" or a big one, who now is, or ever was before the people for office. No man has followed his calling with more industry and energy. And no man is more worthy of the support of the people.-He will make a faithfui guardian of the inter-

ests of the County.

One of the most important offices in the County is that of Director of the Poor. For

that office COL. WM. II. WOODBURN, is the nominee. He is well known to the people of the "upper end," as an intelligent man, and a good citizen. He has been actively ongaged in business all his life, and will make one of the most efficient Directors of the

Poor that has ever been in the board. The balance of the ticket, though not of the same importance, as the foregoing, presents an array of candidates that for intelligence and moral worth, are not excelled by any

men in the county. For Coroner. Joun Holtz. For Auditor, HENEY Rupp.

GGORGE WALTERS. All well known in the districts in which they reside, and deservedly popular. Taker altogether, it is the best ticket over presented to this county. Go to the Polls, therefore and register your opposition to the unjust measures of the Buchanan Administration, by voting the Ticket 1 The whole Ticket 11 And

The following letter to the editor of the Advocate from a Democrat of Silvey Spring,

SILVER SPRING TOWNSHIP, September 26th, 1859. Mr. Entron :- You, no doubt, will think it were directed by men distinguished no less strange to hear from me, as I have always for their moral worth, then their party zeal; been a true and tried Democrat. But it can' be helped. Things have come to such a pass in our county and party in general, as to call forth a rebuke from one of its sons. Some may cry shame, but what do I care for those political tricksters, who cling to party only to turther their own selfish designs—to reap the emoluments of office regardless of principle, probity or anything else. You, most assu-edly, have heard of one Dr. Ahl, who figured It is well known that in the last Democratic county convention, the Ahl clique succeeded in placing their candidates on the course, against all the opposition that could be oroffice, struts around as if "monarch of all he surveys," dictates, wires in, wires out, until his satellites, as unprincipled as himself, come satisfaction in consequence is wide-spread, they arrogantly boast that the question now is Ahl or anti-Ahl. In other words, if the Democratic ticket is elected, Dr. Ahl and his satellities are the acknowledged leaders of the party, to dispense power and place alone, to those who toady to their greatness; if defeated, the old leaders in the county under whose auspices the party has so often marched to victory, will be reinstated, and the Ahl factions of the property of the p nomination and graced the Senate with his presence. We, his friends and neighbors, the party.

The question then, among the Democracy, resolves itself to this point, will they gratify the vaulting ambition of Dr. Ahl, by electing his country for the sake of his country, a gentleman, an honorable exception where corruption is the general rule. We have been disappointed, our party in this county has been cheated out of its candidate, and one democrat to vote against his party under any circumstances, but it is an axiom as true in party policy, as it is in political economy, that "the lesser evil must give way to the greater good." It is better to suffer defeat one year, than to vote in blind subserviency to the commands of the Hon. John A. Ahf, and to the commands of the Hon. John A. Ahf, and to the second Dr. aspirant. We, as good neighbors, finding that Mr. George Bucher neighbors, finding that Mr. George Bucher was cheated out of the nomination, turn from our party to the support of William B. Irwin,

cy. Vote for him, freemen of Perry. What we have said of Mr. Bucher, the favorite of

our party in this township, we can honestly say of Mr. Irwin—he is a man of fine parts honost, upright, a good citizen, who will serve his country for the sake of his country a gentleman, an honorable exception, where orruption is the general rule.

A DEMOCRAT.

The Reign of Terror. We are informed, that a democratic Hotel Keeper of this borough, who had made up his mind to vote for Sponsler, in return for it personal favor, was told, that if "he dared to to so, he should lose his democratic custom. This is the way the sham Democracy, attemp to coerce freemen into their measures - When all other means fail, they starve them into

A REPLY TO THE VOLUNTEER. The Editor of the Volunteer, aroused from his Rip Van Winkle sleep, has become sudden ly aware of the fact, that the election is close at hand: Unwilling to "pitch in," to sustain a ticket which he had no personal agency in nominating, and afraid to go before the people, in defence of the policy of the Buchanar Administration, his position, through the campaign, has been that of an "armed-neutrality, "until last week, when he makes a feeble effort to give "nid and comfort" to his friends, by charging us with misrepresenting the Dem ocratic party. Now, we have no desire to misrepresent any thing, or any body, least of all, a party which so constantly misrepresents itself. Had we time, and inclination, to follow the slimy trail of modern Democracy, we could find abundant evidence to sustain every charge we have made, but, it is useless to repeat, what is already a matter of history, and if the Editor of the Volunteer, is not himself convinced of their truth, he must be troubled with a short memory. Can he have forgetten the infamous swindle of 1844, when Democratic leaders proclaimed that "Polk was a better tariff man than Clay, and when their banners

las and the Tariff of '42"? Does he forget the flimsy excuse made by Vice President Dallas, when by his casting vote, he repealed that Tariff, and substituted the Auti-protective one of 1846? True, to their free-trade, principles, the democracy have opposed the doctrine of protection to home industry, at all points, until driven by the force of public opinion, President Buchanan made a hypocritical recommendation to congress, of incidental protection, and then absorbed the whole time of that body in trying to force the passage of his infamous Kansas bill. The democratic majority in the House of Representatives, advocated ultra free trade through their committee, and the democratic majority in both branches of Congress, proferred an increase of the national debt, to an increase of duties.—The President's recommendation of incidental protection, is the keynote to democratic resolutions, but they are a sort of "bogus" currency, circulated, because the principle of "protection" is popular in Pennsylvania.

were inscribed with the motto of "Polk Dal"

The editor of the Volunteer says: "It is not true that the Democratic party contends for the 'doctrine that the Constitu-tion carries slavery with it into the Territo-ries.'"

On this point we refresh his memory with little "by authority," evidence, which he dare not discredit.

President Buchanan, in his special message

says:

"Slavery exists in Kansas by virtue of the Constitution of the United States, and is therefore as much a slave State as Georgia or South Carolina." And the U. S. Supreme Court, in the Dred Scott Case, decided "that the act of Congress which prohibited a citizen from owning and holding slaves in the territories of the United States, is not warranted by the Constitution, and is therefore void." This is now the doctrine of pure Democ

Again, the editor of the Volunteer says: Again, the can't of the Potenteer says!

"It is not true that the Democrats hold to
the doctrine 'that a naturalized citizen cannot claim the protection of our flag beyond
the boundaries of the United States."

On this point we place Gen. Cass on the stand. It is well known that Gen. Cass has a warm friend and advocate, in the editor of the Volunteer, who has enlogized him time and again, as the very oracle of Democracy, and the evidence here, is conclusive.

I am, sir, your obedient servant, But we have not space to follow the editor of the Volunteer in his objections. The messages of Mr. Buchanan and the proceedings of Congress on the admission of Kansas, are so fresh in the recollection of our readers, that when we say "the Democrats did endeavor

to conciliate the South, by forcing a State Constitution on the people of Kansas, which they had repudiated," they know that we hardly state the truth as strongly as the facts would justify it. As to the last point, that "Democrats are in flavor of making the Government a wetnurse for political cripples, by providing fat

contracts for favorites, whenever they are defeated for office.' . We refer our renders to the reports of the investigating committees, of the last Congress, and if they do not find in those reports, suffi-

cient evidence to justify all we have said on that subject, we will acknowledge that we have been mistaken. AN ELECTION RALLY. We recommend the following election rally

DR. ELDER'S LECTURES.—We had the leasure last week, of listening to two Lectures from Dr. Elder, of Philadelphia; but, it was a matter of regret, that so few of our citizens, availed themselves of that privilege, Dr. Elder is an original thinker, and one of the very best talkers in the Country. Speaking extemporaneously, he is not confined to a set lec-fure, carefully written out, but gives his mind free range over his subject, in search of facts and ideas, to which he adds increasing interest, until at the close, you feel as though he had merely drawn the outlines, leaving it for lid-audience-to-fill-up-the picture

The subject of the lecture on Tuesday evening, was "Liberty," which we thought he treated rather too metaphysically, for a mixed audience. The position sustained by the ledturer was, that perfect liberty consisted in having, "the will to do, a variety of motives to action, and the power to choose

During the past two years the Presbytery of Harrisburg has been endeavoring to revive a Interisburg has been endeavoring to revive a custom formerly prevalued in the Scottish, New England and early American churches, with respect to parochial visitation. Committees have been appointed by it, consisting each, of two ministers and one elder, to visit the churches annually, to inquire into their spiritual condition and to endeavor to stimulate both officers and private members to increased fidelity in the performance of their respective duties. The visit of such a committee in connection with a Sacramental season, or a series of religious meetings, and a general visitation—through the congregation affords an opportunity of ministerial assistance which it is difficult otherwise to obtain.

THE GREAT RESTORATIVE. FEVER AND AQUE CURED BY DR. M'LANE'S

LIVER PILLS.

O.D., Mr. Jonathan Houghman, of West Union, Park County, Illinois, writes to the proprieters, Floming Jiros., of Pittaburgh, that he had suffered greatly from a severe and protracted attack of Eover and Ague, and was completely, restored to health by the use of the Liver Pills alone. These Pills unquestionably possess great toule properties, and can be taken with decided advantage for many discares requiring invigorating roundles; but the Liver Pilts stand pre-ominent as a means of restoring a disorganized Liver to healthy action; hence the great celebrily they have attained. The numerous formidable diseases arising from a diseased Liver, which so long briffed the skill of the most ominent physicians of the United States, are now rendered easy of cure, thanks to the study and perseverance of the distingu shed physician whose name this greatmediene brais—a name which will descend to posterity as one deserving of gratitude. This invaluable medicine chould always be kept within reach; and on the appearance of the earliest symptoms of diseased Liver, it can be safely and usefully administered.

AGP Purchasers will be careful to ask for DR. M. LANNE'S CELEBRALED LIVER PILLS, manufactured by FLEMING BROS., of Pirrsungon, Pa. There are other Pills purporting to be Liver Pills, also his celevated Vernafie e., can now-be had at all respectable drug stores. None genuine without the signature of FLEMING BROS.
