DOES DISEASE ORIGINATE IN IMPUTITY OF THE BLOOD! This is a question of vial importance, and one which has never been satisfactorily disposed of by the profes sore who teach the healing art. Some maintain—and especially the old school Physicians—that life lives in the blood, and therefore all disease originate in it— but modern science avers that allments have their origination in both the solids and funds of the body. That the latter preponderate, however, is a fixed fact, and medical skill has clearly domonstrated that at least two-thirds of the life that human firsh is heir to, have their source is a na.
