WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated Vermisuge and Liver Pills. We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

. THE VERMIFUGE. For expelling Worms from thehuman system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS: For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-AICHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

. As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions. Their unprecedented popularity

has induced the proprietors, FLEMING BROTHERS.

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty. Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manuer. Address all orders to .

FLEMING BROS. Pittsburgh, Pa. P.8. Deders and Physicians ordering from others than Fleming Bross, will do well to wide their orders distinctly, and lake more but Dr. M'Lanc's, prepard by Fleming Bross, Pilisburgh, Ph. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one how of Pills for twelve three-cent postage stamps, or one vial of Vermitage for Suyteen three-cent stamps. All orders from Canada must be becompanied by twenty cents extra.

efficacy of this medicine in inflammatory diseases.

"For the last twelve years I have been more or less troubled with Inflammatory Rheumatism, commoncing early in the spring, and lasting until cold weather set—in, when—twould be relivered for a while, only to be attacked again in the Spring. All my joints would swell and be very sore, attended with the most acquain. My feet, shoulders, arms, and hands troubled no most, so much so that. Tould scarcely walk, and almost always required assistance in dressing. During this time, I would try overything I could hear of, in the hope of anding a cure. I also tried several physicians, but no thing seemed to help me the least in the world. About two and a half years ago I was attacked as usual, and as usual tried overything to get rid of it, but to no purpose. I kept growing worse, and finally had to give up and stay in the house where I was confined about four as usual tried everything to get rid of it, but to no purpose. I kept growing worse, and inally had to give up and stay in the house where I was confined about four weeks. This time my feet swelled, and were so sore that. I could not stand on them or get on my boots, and my hadds swelled to twice their usual size. In fact, I was to all appearances and belief, totally used up. About this time my parents, who reside in Malne, sert for me to come home. I won't, and after my arrival commenced trying abother remedy, hoping to be cured, but resulting the same as all others. For weeks I had not been able to dress myself or raise my hand to my head, and suffering the myset exerucialing pain all the time. One day my latcher came in with a paper in which was advertised Dr. Coggewell's Medical Sait, for Infianumatory Diseases only, and wanted me to read and see what I thought of it. I road and hunghed at it, pronounced it a humbug, and told him that I had been humbugged onough. He kept urging me, and at last said I could but try it, and if I would write to Dr. C., giving him a description of my disease, he would pay the expects. Of course I could not refuse such an of far and son the one box. It came in due season, but my faith was not increased, and I laughed at the bide of so singlish does doing me any good, and told my wite that t believed Dr. C. and his Sait both humbugs.—However, I commenced using it and the result was perfectly astonishing. I could hardly realize it myself, i slept soundly all high, which I had not done for a long time, and when I awake in the morning, strange as it may seem, I was ontrively free from pain. I had then taken but one dose, and bathed freely before going to bed. That morning folts owell that I had the fire sub work and went down stairs and told the folks how well I felt, and from that day to this I have-not suffered one moment's pain or had an attack of my ones dreaded onemy, Rhomatige rhounatism, and so far it is working admirably.
