VERMIFUGE LIVER PILLS.

E beg leave to call the attention of the Trade, and more. especially the Physicians, of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lanc's Celebrated Vermisuge and Liver Pills. We do not recommend them as universal Cure-alls, but simply for

what their name purports, viz.: THE VERMIFUGE: For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals

subject to Worms. THE LIVER PILLS, For the cure of LIVER COMPLAINTS, all Bilious Derangements, Sick HEAD-ACHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS.

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

PLEMING BROS. Pittsburgh, Pa. P. 8. Dealers and Physicians orthology in others than Heming Bros. will do well to with their order districtly, and the non-batt Ur. M'Lonez, prepared by Flening Bros. Fittsburgh, In. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent temps, or one vial of Vermituge for fourteen three-cent stamps. All orders from Canada must be ascompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

READ THE FOLLOWING CERTIFICATES TO T efficacy of this medicine in inflammatory diseases.

"For the last typice years I have been more or less troubled with Inflammatory Rheumatism, commencing early in the spring, and lasting until cold weather set in, when I would be relieved for a while, only to be attacked again in the Spring. All my joints would swell and be very sore, attended with the most acute pain. My feet, shoulders, arms, and hands troubled me most, so much so that I could scarcely walk, and almost always required assistance in dressing. During this time I would try everything I could hear of, in the hope of finding acure. I also tried several physicians, but no thing seemed to help me the least in the world. About two and a half years ago I was attacked as usual, and as usual tried everything to get rid of it, but to no pur pose. I kept growing worse, and finally had to give up and stay in the house where I was confined about four iwo and a half years ago I was attacked as usual, and as usual tried everything to get pid of it, but to no purpose. I kept growing worse, and finally had to give up and stay in the house where I was confined about four weeks. This time my fects welled, and were so sere that I could not stand on them or get on my books, and my hands swelled to twice their usual size. In fact, I was te all appearances and belief, totally used up. About this time my parents, who reside in Maine; sert for me to some home. I went, and after my arrival commenced trying another remedy, hoping to be cured, but resulting an all uthers. For weeks I had not been able to dress myself or raise my hand to my head, and suffering the most exerucialing pain all the time. One day my father came in with a paper in which was advertised Dr. Corgavell's Medical Sait, for Inflammatery Diseases only, and wanted me to read and see what I thought of it. I read and laughed at it, ponounced it a humbug, and told him that I had been humbugged enough. He kept urging me, and at last add I could but try it, and if I would write to Dr. Cyfving him a description of my disease, he would pay the expense. Of course I could not refuse sught an offer and sent for one-box. It came in due scaon, but my faith was not increased, and I laughed at the idea of so small a does doing me any good, and told my wife that I believed Dr. C. and his Sait both humbugs.—However, I commenced using At and the result was perfectly astonishing. I could hardly realize it investig to bed. That morning I felt so woll that I hardly knew how to contain myself, and wort down stairs and told the folks how well I felt, and from that day to this I have not auffered one moment's pain or had an attack of my once dreaded onemy, Itheumatism. I am perfectly well and hearty, and wherever I have a chance I recommend it. A friend of mine, residing in Brooklyn in now trying it for a bad casoo neuraliger heumatism, and so far it is working admirably. This is a long stury, but I have told all the facts, w

are afflicted to give it a trial.

No. 117 Wall Street, New York.

When it is remembered that the MEDICAL SALT
is as efficacious in all other Inflammatory discassor as in
Rheumatism, (see descriptive circulars) it will at once
be seen that it, is a most valuable iremedy. Surely
those thus afflicted will find in their own condition
and in the above statements, enough to induce them
to give the MEDICAL SALT a taial. Price, One Dollar. Chronic Package, \$2 50.

A FFLICTED READ

TWENTY-TWO YEARS'. Experience has rendered Dr. K. a most successful practitioner in the cure of all diseases of a private nature; manhood's debility, as an impediment to marriage; nerrous and sexual infirmities, disease of the skin, and those arising from abuse of mercury.

TAKE PARTICULAR NOTICE.

There is an evil habit sometimes included in by boys, in solitude, often growing up with them to markood; and which, if not reformed in due time, not only beects ascrious obstacles to markimonial happiness, but gives rise to a series of protracted, insiduous and devantating affections.

Few of those who give way to this pernicious practice are aware of the consequences until they find the nervous system shattered, feel strangs and unarcountable sensat ons, and vague fears of the mind. (See pages 27, 28, 23, of Dr K's book on "Self-Preservation,")

The unfortunate thus affected becomes feebla, is unable to labor with accustomed vigur, or to apply his mind to study; his step is tardy and weak; he is dull, irresolute, and engages were in his sports with less energy than usual.

If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his rally iolites. These are considerations which should awaken the attention of all who are similarly situated.
