HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation hereicotre unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blakoning puffery. The consumption of Hostetter's Stomach Big. increase in times past, it is exident that during the coming year the consumption will reach near one-million bottless. This immense amount could never have been sold but for the rare medicinals proposed sound in the property tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give lestimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Gedsend to regions where feyer and ague and various other, bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain curs for the Dysnessia and like are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renowed vitality to the nervous system, giving at that tone and energy indispensable for the restoration of health. It operates upon

mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature. of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenaring generally. We have the ovidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach dewho have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. The relation of mother and child is so absorbingly tender, that the mother, especially if she he young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the sammer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuper rate the energies of the system, and enable the mother to bear up under how exhausting trials and responsibilities.
