VERMIFUGE LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popudar remedies now before the public

We refer to Dr. Chas. Manc's Celebrated; Vermisuge and Liver Pills. We do not recommend them as universal Cure-alls, but simply for

what their name purports, viz.: .. THE VERMIFUGE," For expelling Worms /from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS. For the cure of LIVER COMPLAINTS, All BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS,

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they new hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS. Pittsburgh, Pa. F.S. Dealers and Physicians ordering from others than Fleming Bross, will do well to write their orders than Fleming Bross, will do well to write their orders failtietly, and take more but Dr. Whanes, prepared by Fleming Bross, Fritshurph, Pa. To those wishing to give them a trial, we will forgrand per mail, post paid to any part of the United States, one-box of Pills for twelve three-cent pastages stamps, or one vial of Vermiliuge for Sunriven theoreest stamps. All orders from Canada must be accompanied by twenty cents extra.

Reacy of this medicine in inflammatory diseases.

"Por the last twelve years I: have been more or less troubled with Inflammatory Rheumatism. commencing early in the spring, and lasting until cold weather set in, when I.would be relieved for a while, only to be attacked again in the Spring. All my joints would swell and be very sore, attended with the most acute pain. My feet, shoulders, arms, and hands troubled me most, so much so that I could scarcely walk, and almost always required assistance in dressing. During this time I would try everything I could hear of, in the hope of finding, cure. I also tried several physicians, but nothing seeme! to help-me the least in the world. About two and a half years ago I was attacked as usual, and as usual tried everything to get rid of it, but to no purpose. I kept growing werse, and finally had to give up and stay in the house where I was confined about four weeks. This time my feet swelled, and were so sore that I could not stand on them or get on my boots, and my hands swelled to twice their usual size. In fact, I was te all appearances and belief, totality used up. About this time my parents, who reside in Maine, sent for me to ome home. I went, and after my arrival commenced trying another remedy, hoping to be cured, but resulting the same as all others. For weeks I had not been able to dress myself or raise my hand to my head, and suffering the most exerutefaith, bain all the time. One day my father came in with a paper in which was advertised Dr. Coggawelf's Medical Salt, for Indamnatory Diseases only, and wanted me to read, and see what I thought of it. I read and laughed at the pronounced it is humbug, and told him that. I had been humbugged onough. He kept urging me, and at lat-said I could not for use such an offer and sant for one box. TWENTY-TWO YEARS' Exparience has rendered Dr. K. a most successfuractitioner in the cure of all diseases of a private na

rise to a series of protracted, insiduous and devastating affections.

Few of those who give way to this perpicious practice are aware of the consequences until they find the nervous systemic shattered, feel strange and unafectountable sensat ones, and vague fears of the mind. (See pages 27, 28, 20, of Dr. K's book on "Self-Preservation.")

The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and neak; he is dull, irresolute, and engages even in his sports with less energy than usual.

If he enanchate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his early toilles. These are considerations which should awaken the attention of all who are similarly situated.
