All who have tried the stove have been more than satisfied. Of the great number sold during the present scason, the first complaint has yet to be heard. Of no other stove can this with truth be said. For strength, economy, heating, cooking, baking, and roasting powers, it has no rival. The late improvements for the consumption of coal gas, gives additional strength, bedifer a vast saving in fuel. The stove is warranted to give satisfaction in all cases. The furuiture is all made of the best material, and for work manship cannot be surpassed. I have besides a number of other cook stoves which I will sell with or without furniture below cost. All work herestore done, attended to promptly Charges moderate, with a desire to please all. I hope to merif a continuance of the patronage already bestowed.
