DP/MOTT'S CHALYBEATE RATIVE PILLS & IRON

their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost over conceivable case.

Innoxious in all maladies in which it has been tited, that proved absolutely curative in each of the following complaints, viz:

ing complaints, viz:

In Lebility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diartheca, Dysentery, Incipient Consumption, Tuberculosis, Sait Rheum,
Mismenstruation, Whites, Chlorosis,
Liver Complaint, Chronic Headaches,
Rheumatism, Intermittant Fevers,
Pimpies on the Face, &c.

Rheumatism, Intermittant Fevers, Pimples on the Face, &co.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and nuscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emeated vivel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emeated vivel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emeated vivel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emeated dyspeptic aversion to air and exercise for which the physician has no name. In Norvous Affections of all kinds, and for reasons familiar with medical men, the operation of this preparation of from must necessarily be salutary, for unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly apperiant, even in the most obstinate cases of continues swithout ever boing a gastric purgative, or inflicting a disagreeable renesation.

It is this latter property among others, which makes it so remarkably effectual and perunanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by disp using tile local tendency which forms them.

In Preparial, innumerable as are its causes, a single box of these Chaipboate Pills has often sufficed for the most habitpai cases, including the attendent Costiveness.

ness.

In unchecked Diarrhaa, even when advanced to Dysontery, confirmed, emaclating, and apparently malignant, the effects have been equally decisive and astonishing.

entery, confirmed, emaciating, and apparently malignant, the effects have been equally declaive and astonishing.

In the local pains, loss of fiesh and strength, debiliting cough, and remittent heetic, which generally indicate inciplent Consumption, this remedy has allayed the alarm of Jriends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautious ly balanced preparations of lodine, without any of their well known listilities.

The attention of furales cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rhemandism, both chronic and inflammatory—in the latter however, more decidedly—it has been invarishly well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Internittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new swellings and stiffness of the West, will probably be one of high renown and usofulness.

No remedy has ever been discovered in the whole history of medicines, which exerts such prompt, happy, and fully restorative effects. Good appatite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheoriful exercise, immediately follow its use.

Put up in neat flat metal-boxes containing 50 pills, price 60 cents per box; for raile by druggists and dealiers Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to May 23, '60-Iy.
