HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOST TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. volumes of bare assertion or blazoning puffery. The consumption of Hestetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare modicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its officacy in all cases of stomachic derangements citicacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Goldsend to regions where fever and ague Hostetter's Stomach Bitters have proved as Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to sinte confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the storage hurifage the blood and

from the stomach, purifies the blood, and imparts renewed vitality to the nervous system giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonio, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of materaity arrive during the summer season, the wear of healtened is the search! for her infant. Should the period of materatty arrive during the summer scason, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupely rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as earlien to give a permanent increase

cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodity strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhees, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannitated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare, by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hospettrais's Celebrated Stomach Bitters broaden Bitters' blown on the side of the bottle, and stamped on the metallic cap covering the cork, and

on the netallic cap covering the cork, and observe that our autograph signature is on the label.
