HOSTETTER'S STOMAGH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation levetofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or bluzoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach could never have been sold but for the rare could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases, of stomachic derangements and the diseases resulting theretrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dysepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stowned, purifies the blood, and from the stomach, purifies the blood, and imparts renewed yitality to the nervous system, giving it that tone and energy indispensable for the restoration of licalth. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

to a condition essential to the healthy discharge of the functions of, nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the pulute, invigorating to the bowels; excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general tability; acting under the advice of physicians, they have abandoned all deleterious drugg, and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the and child is so absorbingly tender, that the motiver, especially if she be young, is apt to forget her own health in her extreme auxiety for her infant. Should the period of maternity nrive during the summer season, the wear of hody and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Biters to all other invigora-tors that receive the conformment of physi-

tors that receive the endorsement of physiquas, because it is give a permanent increase
of hodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from
fover and ague, caused by malarla, diarrhea,
dysentery, indigestion, loss of appetite, and
all diseases or derangements of the stomach,
superamulated invalids, persons of sedentary
occupation, and nursing mothers, will consult
their own physical welfare by giving to liestetter's Celebrated Stomach Bitters a trial,
CAUTION.—We caution the public against
using any of the many imitations or counterusing any of the many imitations or counterfeits, but ask for Hospertin's Celebrater Stomacu Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Effers" blown on the side of the bottle, and stomped

DOES DISEASE ORIGINATE LA This is a question of visid importance, and one winds has never been satisfactorily dispused of by the professors who trach the healing art. Some maintain—and expecially the old school rhysiciatin—that life lives in the blood, and therefore all the assess originate in it—but modern science avers that allments have their origination in both the solids and fluids of the budy. That the latter prepondents, however, is a fixed lact and medical skill has cleatly demonstrated, that at least two chirds of the life that hupan flosh is heir to, have their source in an
