D® MOTT'S CHALYBEATE RATIVE PILLS & IRON.

An aperient and Stomach preparation of IRON puri-tied of Oxygen and Carbon by combustion in Hydrogen Sanctioned by the highest. Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impuri-ties of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every concelvable case.

Innoxious in all maladies in which it has been toled, that proved about edy curative in each of the follow-ing complaints, viz:

It has proved absolutely curative in each of the followlag complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrathea, Dysentery, Incipient Consumption, Tuborculosia, Salt Rheum,
Mismenstruation, Whites, Chlorouis,
Liver Complaint, Chroniga-Headaches,
Rheumanism, Intermittant Fevers,
Pimples on the Face, &cc.

In cases of Jenoral bellity, whether the result of
acute diseaso, or of the continued diminution of nervous and nuscular energy from chronic complaints,
one trial of this restorative has proved successful to an
exfent which no description nor written attestation
would render credible. Invalids so long bed-ridden as
to have been a furgetten in their own neighborhoods,
have suddenly re appeared in the busy world as if just
returned from protracted travel in a distant land.
Some very signal instances of this kind are attested of
female Sulferers, eunclated victims of apparent marasmus, sangaineous exhaustion, critical changes, and
that complication of nervous and dyspeptic aversion toair and exercise for which the physician has no name.
In Nervous Affections or all kinds, and for reasons
familiar with medical men, the operation of this preparation of iron must necessarily be salutary, for unlike
the old oxides it is vigorously tonic, without being
exciting and overheating; and gently, regularly, aperient, even in the most obstinate cases of coativeness
without eyer being a gastric purgative, or inflicting a
disagreeable sensation.

It is this-juter property among others, which makes

disposition for active and the process of the price of the price following the price. All letters, drdrrs, etc., should be addressed to R. B. LOCKE & Co., the end Agents May 23, '60,-1y, 339 Brandway N. Y.
