Address to the People of Penusylvania

Pennsylvania has spoken in thunder tones in behalf of the Union industry, and freedom. Her people have met the combined hosts of sectionalism, disunionism, free trade, and all others who sought markets for their suffrages; and a majority of 32,000 for Governor, twenty Congressmen, and more than two-thirds of each brance of the Legislature, attest the fidelity of our State to the integrity of our institutions, and the common prosperity of ourcountry Indiana, Ohio`and Minnesota bave joined

the Keystone State in demanding that sectional discord, wanton profligacy, the desolation of free-trade, shall cease to be the policy of the National Government. The decisive battle has been fought-a

nation has been redeemed from disunion and dishonor by the verdict of Tuesday last.— The issue was made by our foes and accepted by our friends, and millions to day greet the triumph as the unerring harbinger of our nal disenthralment.

national disenthralment.

Let our friends of the right not be content with an ordinary victory—Abraham Lincoln can be called to the Presidency by a clear majority of the people of the United States, if all who shall rejoice at his coming will east their suffrages for him. To that majority Pennsylvania can and will contribute full fifty thousand. We have but to be faithful to our great canner and it is done. great cause, and it is done. Let every man be at his post on the great day, and the largest majority ever given by Pennsylvania to a Chief Magistrate will be cast on the 6th of November for Abraham Lincoln, for Union, Exceeding for Figure 11.

Freedom, for Fraternity!

HON. B. F. JUNKIN

Although this gentleman has been defeated for Congress, he occupies a position vast, ly superior to that of the successful candidate. In his own county, he ran 500 votes shead of his ticket, and in Cumberland. where in 1858 the majority against him was nearly 300, it has been reduced to 11 votes. A faction in York county, effected his defeat, by selling themselves to the Foster men; but, the result is neither injurious to Mr. Junkin, nor complimentary to his competitor.

THE COUNTY VOTE-

In 1856, Buchanan received 3,427 votes; Freemont and Fillmore combined, 8087. Total number of votes, 6,464. In 1860, Curtin received 8,625, and Foster 8,716, making a

total of 7,841. - Increase in four years 877. The editor of the Volunteer is at some loss; to account for this increased vote, and hints vaguely at "colonizing." There may be comething in this. that a upion might have been formed that would carry the State in November, but since the field has been lost and won, nothing re mains for the Democratic and conservative voters of the State but to test the relative strength of their caudidates, and to utter, through the ballot-box, their protest against the election of a sectional President, by a majority of the people of the United States. How this may best be done is a matter of further consideration. We have stuck to the cause of union as long as it appears possible that the union might be effectual in defeating the election of Lincoln. The Democrate are broken the winds without a leader to rally them for another contest, but they still hope to defeat the will of the people, by throwing the election into the house. Two of the doubtful States, Pennsylvania and Indiana, have, by the late elections, indicated that their electoral votes will be cast for Lincoln, and New Jersey will certainly follow their example.

SERMONS TO YOUNG MEN. - Rev. A R. Gibson commenced a series of sermons to the young men, on Sabbath afternoon last. at Emory M. E. Church, The first sermon was from Eccles. IX, 10. "Whatsoever

thy hand findeth to do, do it with thy might. The second of the series will be delivered on next Sabbath at 31 o'clock. We hope the young men generally will show their apprecintion of Mr. Gibson's efforts in their be half, by crowding the church on that occa,

LIBERAL SUBSCRIPTIONS.-We mention it as a matter creditable to our bor ough, that the Committee to solicit aid from the citizens for Carlisle, to rebuild St Patrick's 'atholic Church, recently destroyed by fire, realized abscriptions on Thursday, to the amount of \$1036.

BAYARD TAYLOR .- We'are happy to unnounce that Bayard Taylor Esq. will deliver a lecture on Moscow, on Tuesday eve ning pext in Rheem's Hall.

There are few who have not heard of this celebrated traveller and talented gentleman. A few years ago he was an apprentice boy in a printing office in Chester County. Since that time, he has travelled over half the world, and his writings are classed among the most useful and interesting publications of the day. The large audience, which we feel assured will greet the presence of Mr. Taylor here, may expect a treat from the rich stores he has gathered in distant lands.

THE FAIR OF THE EMPIRE CO .- The Empire Hook & Ladder Company, closed their annual Fair, in Rheem's Hall, on Tuesday evening. The Fair was conducted with great spirit by the members, who displayed a degree of energy in disposing of the numerous articles offered for sale, that few could withstand. The gross receipts exceeded six iundred dollars, shich, after paying expens. es, will leave an amount sufficient to pay the debt due on their Truck house, and make some addition to their apparatus. They are under many obligations to the ladies of Car lisle for their assistance in carrying out the arrangements, and to the citizens generally: for their liberal patronage.

THE AGRICULTURAL FAIR. - The Fair of the Cumberland County Agricultural Society his year, has been eminently successful. every department except that of fruit, (which was an entire loss this year) the contributious were large and of excellent quality. The entries of horses, horned cattle, sheep and hogs, were not as full as at former exhibitions, but they were generally of much better breed. There were specimens of Avrshire, Durham and Devon stock, that probably cannot be excelled in the State. On Thursday, the second day of the Fair, it was estimated that eight thousand persons visited the grounds, as twelve hundred dollars were received at the office, for singleadmissions alone. The entire receipts are over two thousand dollars.

On Friday the annual address was delivered by Prof. Pugn. of the Farmers' High School of Pennsylvania, which is spoken of as a highly useful and finished production; embracing miling practical truths on the science of Agriculture, which might profitably be laid before

culture, which might profitably be laid before our farming community, in a shape for future reference.

The managers of this Association are engaged in a good work, and their efforts should be sustained by every man who desires to see a fuller development of our agricultural and mechanical interests. They have devoted much time and attention in bringing out these managers of the same and attention in bringing out these to the same and attention in bringing out these to the same and attention in bringing out these to the same and attention in bringing out these to the same and attention in bringing out these to the same and attention in bringing out these to the same and attention in bringing out these to the same and attention in bringing out these much time and attention in bringing out these branches of industry, in which they have no deeper interest, than any other citizen of the county; and the beneficial results are plainly seen in the increasing interests of these Fall meetings, and the growing excellence of the articles placed on exhibition.
