HGTETTER'S STOMICH BITTERS.

The propriets and manufacturers of HOS-TETTER'S CLEBRATED STOMACH BIT-TETTEL'S CLEBRATED STOMACH BIT-TERS can apial with perfect confidence to physicians ancitizens generally of the United States, because the article has attained a repu-tation heretofa unknown. A few facts upon this point will speak more powerfully than volumes of banassertion or blazoning puffery. The consumpth of Hostetter's Stomach Bit-ters for the layear amounted to over a half-million bottlesand from its manifest steady increase in tina past, it is evident that during the coming yer the consumption will reach near one milliobottles. This immense amount near one millicobottles. This immense amount could never here been sold but for the rare medicinal propries contained in the preparation, and the parelies contained in the preparation, and the parelies sections of the country where the artile is best known, who not only recommend th Bitters to their patients, but are ready at altimes to give testimonials to its efficacy in all 4ses of stomachio derangements and the disease resulting therefrom. This is not a emperary popularity, obtained by extraordincy efforts in the way of trum

by extraordinry efforts in the way of trum peting the quaties of the Bitters, but a solid estimation of a invaluable medicine, which is destined to be's enduring as time itself.

Hostetter's itomach Bitters have proved a Godsend to agions where fever and ague and various ther billous complaints have counted their jictims by hundreds. To be able to state onfidently that the "Bitters" are a certain erro for the Dyspepsia and like diseases, is to be proprietors a source of unalloyed pleasus. It removes all morbid matter from the stometh, purifies the blood, and imparts renewd vitality to the nervous system, giving it that one and energy indispensable for the restoration of health. It operates upon the stomach, live, and other digestive organs,

for the restoration of ucalth. It operates upon the stomach, live, and other digestive organs, mildly but powerfully, and soon restores them to a condition ecential to the healthy discharge of the function of nature.

Elderly persus may use the Bitters daily as per directions in the bottle, and they will find in it a stimulan peculiarly adapted to comfort declining years as it is pleasant to the palate, invigorating to be bowels, excellent as a tonio, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of plysicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. Nursing mothers genorally/prefer the difference all other invigorators that receive the endorsement of physicians, because it is agreeable to the table as cions, because it is agreeable to the taste as well as certain to give a permanent increase
