All theformer peculiar features of the paper, which have given it a world wide reputation, will be continued, while the several new ones will add ininite variety to its already diversified pages. Among them are a number of fresh, gpley, amusing, original sketches, which smack and reliefs of the wit, humor, 'raciness, brilliancy, and sparkles of the times. As heretofory, no labor or expense will be apared to maintain the high reputation of the Hong Journal, which is everywhere, both at home and abrould, acknowledged to be the most rofined and elegant repertory of literature and the arts on this side of the sex, and the best and chappet family newspaper in the world. As no more copies of the new series will be printed than are ordered, those who desire to begin with the commencement of the volume will be able to do so by forwarding their subscriptions without delay.

Terms.—For one copy, \$2; for three copies, \$5—or one copy for three years, \$5; for a club of seven copies of the large of the subscriptions without delay.

I have had occasion to laypredjudice aside, and give your Har Readorative is rapidly gaining popularity in this community. I have had occasion to laypredjudice aside, and give your Har Restorative a perfect fast:—

During the year 1853; I was so unfortenate as to be thrown from my sulkey against a rock by the readside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my half was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its to-int-disappearance, I employed everything I could think of, beling a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I over saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my Influence, which I flatter myself to say, Is not a little. You.

Yours, very respectfully, WRIGHT, M. D.

Office of the Jeffersonian, Phillippl, Va., Dec. 12, 1858.

Dear Sir:—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place (a lawyer, has been beld ever since his early youth; 180-1910-18, and the was induced to use, a bottle of your "Hisir Restorative," which he liked very much: and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I jive it to you at the request of Mr. Bradford. You can sell a great deal of your Hier Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,

THOMPSON SURGHNOR.

Dr. Woon: Dear Sir:—Perinit me to express, the obligations I am under for the entire restoration of my hairts its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it seen recevered its original hue. I consider your Restorative is a successful.

CONCENTRATED LEAVEN,

Bread, Tea-Cakes, all kinds of astry, EDW. CHAMBERLAIN & CO. Proprietor of Shawmut Chemical Works,

CONCENTRATED LEAVEN is the result of careful chemical recearch. All its lagredients are propared in the highest state of purity, and compounded with a view to produce bread of a fire better quality, and in much less time, than by any other process; and the manufacturers submit it, with entire confidence, to the judgment of discribinating housekeepers, bakers, &c. Broad of all kinds made by using Concentrative Leaven, is lighter, more digestible and nutritious; has anagreeable instituted taste; is less liable to sour; will retail its moisture longer than by any other process, and the whole preparation for the even need not exceed ten minutes.

the whole preparation for the even need not exceed ten minutes.

It is valuable because it is not perishable, and may be rendered available in places and at times when year is not within reach, as at eas. In all climates and under all circumstances, it has be adopted, thus obvisting all difficulty of procuring yeast or any other forment, which is frequently of an interior quality, rendering the bread more or less unwholesome.

It is also valuable as regards economy, as it has been ascertained that a sating is effected in the flour of not loss than 10 pier cent. In the common, process much loft the saccharine of the flour is lost by being converted into exhapine cold for a property of the saccharine of the flour is lost by being converted into exhapine cold generating gas to raise the daugh. By using Concentrated Leaves this waste is avoided, and the gas obtained in amanner equally offications. Formentation, as has been stated, destroys a part of the flour or meal, and, in chosequence, a barrel of flour weighting 189 lbs., which, by the common method, ordinarily makes about 250 lbs of bread, giving by this process 250 lbs. thus effecting the very important saving of 16 per cent in the quantity of flour. By considering the result will invariably be highly satisfactory.

Assayer to the State of Massachusetts.

"I have analyzed the Concentrated Leaven, manufactured by Messrs. Edw. Chainberlain & Co., with reference to its purity and efficiency of action in producing the effect of yeast in distending dough, and thereby rendering it lit for making bread. This article is skilfally compounded, from perfectly pure material. It raises the dough without consuming the sugar or any other principle in the flour, perfectly; and the same weight of flour will produce more sweet, palatible bread than can be obtained through the aid of yeast; while for cakes and pastry it is invaluable, as it saves all risk and much time of the pastry cook.

"The experiments made by me confirm the statements made by the manufacturers, and prove this compound worthy of public approval and extended use.

"Respectfully,
A. I.HAYES, M. D., State Assayer,

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-States, because the article has attnined a reputation keretofore unknown. A few fact upon this point will speak more powerfully than avolumes of bure assertion or blazoning pufficly. The consumption of Hostetier's Stonach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach plear one million bottles. This immense amount could never have heen sold but for the year ptearone million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is hest known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary nonlastic efficiency

and the diseases resulting therefrom.

This is not a temporary popularily, obtained by extraordinary efforts in the way of trum peting the qualities of the Bitters, but a solid sestimation of an invaluable medicine, which is the as administration to the action of the bitters. estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetice's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs,

mindy but powerfully, and soon restores ment to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomacified rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious 'drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of their sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of well-stream in the summer season, the wear of well-stream in the summer season, the wear of well-season. arrive during the summer season, the wear of then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorarally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the faste as
well as certain to give a permanent increase
of bodily strength.

All, those persons, to whom we have particularly referred above, to wit: sufferers from
fever and ague, caused by malaria, diarrhea,
dysentery, indigestion, loss of appetite, and
all diseases or derangements of the stomach,
superannuated invalids, persons of sedentary
occupation, and nursing nothers, will consult
thefr own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
