During the year 1834, I was so unfortunate as to be hestorative a perfect test:

During the year 1834, I was so unfortunate as to be thrown from my sulkey against a rock by the readside, from which my head received a most terribe blow; causing a great do d of tritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the antire surface of the head. From the tion 1 first discovered its dropping, however, up to the time of its total disappearance, I campleyed everything I could think of heling a professional man myself, and, was I thought, understanding the nature of the disease, but was finally defisted in overy precedificial and awarded.

Theo and no other electionstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result; two months after the first application, I had as beautiful a head of young hisir as I ever saw, for which I certainly one you my night singent thanks.
