The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the raro medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachio derangements efficacy in all cases of stomachic derangements

This is not a tomporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Bitters, but a solid "estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostelter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. I Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women-who have experienced the benefit of using this preparation while suffering from stomach derangements and general dobility; acting under-the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. The relation of mother and child is so absorbingly tender, that the mother, especially if sho be young, is and to forget her own health in her extreme anxiety for her infant.
