## STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and Fitzens generally of the United States, because the article has artained a reputation heretofore influence. A few tests mor this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest stendy increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense andount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements. and the diseases resulting therefrom

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is

estimation of an invaluable medicine, which is destined to be as enduring as time irself.

Hostetter's Stomach Bitters have proved a Gadscad too regions where fever and ague and various other billous complaints have caunted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, impairs renewed viainty to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it astimulant peculiarly adapted to comfort declining yeavs, as it is pleasant to the plate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of any men and women who have experienced the hencit of using this preparation while sufering from stomach derangements and general debility; acting under the advice of physikinas, they have abandoned all deleterious drags and fairly texted the merits of this article. A few words to the gentler sex. There are certain periods when their cares, are so homesing that many of them sink under the trial. The relation of mother sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in lier extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally profer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as sink under the trial. The relation of mother cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoa, dysontery, indigestion, loss of appointe, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing methers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrater Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Etters" blown on the side of the bottle, and stamped on the metallic cap covering the cock, and

on the metallic cap covering the cork, and observe that our autograph signature is on the

180el.
