. From from Lewis D. Campbell, M. Ca Obio.

My family and friends all concur in the opinion that the (Newell) Pleture is more life like than any thing they ever saw. My likeness has been repeatedly taken by different Artists in various ways, but I have never yet had one which presents so true to mature, all the features and expressions of countenance as this.

From Hon E. Joy Mongil, late Minister to Italy. The exquisite finish, beauty and softness of your portrist, enjoined with their durability of rolor and faithfulness as Risenesses, cannot fail to commend them to the attention and patronage of all who appreciate true art.

From Cot. James Page. Having occasion for a portrait, I presured, one from Mr. Robert Newell, of the city of Philadelphin, a ministrare in til Colors, under the new process discovered by him, and take great/pleasure in supressing the satisfaction dreamen, not only by the accuracy of the likeness but its artistic failsh in all respects, and recommend him to the patronage of those disposed to encourage the beautiful art.
