HOSTETTER'S STOWACH BITTERS.

THITEERS CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicials and citizens generally of the United State-, because the article has attained a repu-tation heretotore quilnown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blavoning puffery. The consumption of Hostetter's Stongth Big-The consumption of Hestelley 3.80mpcm 1915-ters for the last year amounted to oper a half-million buttles, and from its mandest steady, increase in times past, it is evident that during the conding year the consumption will reach neurone million buttles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent absorbing in those sections of the contriphysicians in those sections of the country where the article is best known, who not puly recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements

efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicing which is destined to be as enduring as time Figelf.

Hostetter's Stomach Bitters have proved to begin to regime whom there and various other bilious complaints have counted their victims by laundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, impararenewed violety to the nevrous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly that powerfully, and good restores them to a condition essential to the healthy discharge

midty but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pieasant to the pulate, invigorating to the howels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abundance all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her inform. Should the period of meters in mother, especially if she be young as and to forget her own health in her extreme anxiety for her infant. Should the period of materally arrive during the summer senson, the wear of body and mind is genërally aggravated. Here, then, is a necessity for a stimulant to recuperate the onergies of the system, and enable the mother to bear up unfler her exhausting trials and responsibilities. Nursing mothers generally expected the sitters to all peoples invigors. rally prefer the Bitters to alleother invigora tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

well as certain to give a permanent increase of hodily strength.

All those persons, to whom we have particularly, referred above, to wit; sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to llostetter's Celebrated Stomach Bitters a trial.

CALTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hospatine's Channatin Stomach Bitters, and see that each bottle has the words 'Dr. Libestetter's Stemach Eiters' blown on the side of the bottle, and stamped on, the heightle on contragation gover, and observathers our autograph signature is on the label.
