CHILLS AND FEVER! CHILLS AND FEVER!—
One of the greatest remedies that has ever been laid before the public, for Fever and Ague, and which have received the highest encoduums from the press and the property is Dit. J. 110 TETTER'S CELEBRIATED HITTER'S. Who would endure the tortures arising from this terrible disease, when at can be so easily cured! Who would endure sleepless highest, burning teversand ley chills, alternately, when a remedy can be obtained for a mere trifle? And yet how many families linger out a paintful existence under this deadly blight, and do nothing but guilp down quinion, until it becomes as common as their deally meals, and yet they are not relieved. None but the toolish and weak would hesitate to procupe these as a valle litters, and save themselves intense agony. Sold by druggists and dealers generally overshere.

#3 COUCHS.—The sudden changes of our climate are sources of Pulmonary, Ricochial, and Asthmatic Affections. Experience having proved that simplifyeue dies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges, let the Cold, Cough, or Irritation of the Throat to ever so elight, at by this precaution a mure serious attack may be warded off. Public Speakers and Singers will find them effectual for clearing and strengthening the voice See advertisement.
