## HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with Perfect confidence to physicians and citizens generally of the United States, because the article has at thired a reputation heretofore unknown. We facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coning year the consumption will reach mean one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangelments

are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpsting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bitious complaints have sounted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable giving it that tone and energy indispensable for the restoration of health. It operates upon the atomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of intitre:

Elderly persons may use the Bitters daily as par directions on the bottle, and they will find in it a atimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally: We have the evidence of thousands of aged men and women dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach devangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and inirly tested the merits of this article. A few words to the gentler sex. There are certain periods when their caroa are so harassing that many of them, sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially it she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity for her infant. Should the period of maternity arrive during the summer senson, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorations that receive the endorsement of physicians, because it is agreeable to the taste a well as certain to give a permanent increase well as certain to give a permanent increase

All those persons, to whom we have particularly referred above, to witz sufferers from fover and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary secupation, and nursing mothers, will consult their own physical welfare by giving to Hostotter's Celebrated Stomach litter's a trial.
