Ristorative will restorative will restorately and preserve the hair of the youthtle old age, in all its youthin beauty.

Battle Creek, Mich., December 21st, 1858.

Prof. Wood: Thee will please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic discase, attended with an eruption of the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to obtain stuff for caps, neither have I been able to obtain stuff for caps, neither have I been able to obtain stuff for caps, neither have I been able to do the mup, in consequence of which my head has suffered extremely from cold. This indured me to pay Briggs & Hodges, almost tife last cent I had on earth for a two dollar bottle of thy Haif Restorative, about the first of August last. I have taithfully followed the directions and the hald spot is now covered with hair thick and black, though short, it is also coming in all over my head. Feeling, confident that another large bottle would estore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if the waidst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the wide and the fatherless."

Carlisle, Oct. 26, 1850-tf. S. Miller & Son, dry-goods, THE idea of ropresenting the Lotto's Prayer by an engraving, and of ornamenting and arranging it in such a manner as to produce at chose model of neathess and taste, was conceived and carried out by ORMSBY, the celebrated Bank note Engraved of New York City. It commences with exquisitively executed words of "OUR FATHER," and then followed in succession the other parts of the Prayer, every pluracy of which is engraved in the most elegant and tasteful manner.—Near the hottom of the picture is a superbly executed head of OUR SAYIOUR, and endireling the upper part of the engraving are ten angels, each bearing one of the #30 Orders enclosing the hair to be platted, may be sent by mail.—Give a Drawing as near as you can on paper, and enclose such amount as you may choose to pay.—Co. t as follows: Ear litings \$2 to \$6; Breast Pins \$3 to \$7; Finger Rings 75 ets. to \$3.0; Vest Chains \$6 to \$7; Fechices \$2 to \$10.

The ongraving has received the most unqualited praise from the religious community, as there is nothing of a settarian character about it, having been recommended by cliergymen of all denominations. As an ornament it isone of the most splendid ever published in this country, and is destined to take the place of a poorter class of ongravings. The size of the plate is 20 x 28 inches, and is unquestionably the cheapest engraving ever offered in this country.
Who that loves Art—who that delights to study a fine engraving—who that would receive the imperssions which such a work is calculated to impart, would fail to accura a copy when the price is only ONE DOLLAR, with the chance of securing for that sum in addition, a permanent home or another valuable gift?
As a work of art this valuable and beautiful engraving is worth more than the deliar asked for it, as will readily be acknowledged on an inspection of it; but the subscribers intend to make a Glift Distribution to purchasers of the digraving, of valuable presents as follows:

Paor. O. J. Woon: Dear Sir.—In the latter part of the year 1852, while attending the Stee and National Lws School of the State of New York, my hair, from a cause tunknown to me, commenced failint off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely boreft of injectoring, and much of the remaining portion upon the side and back part of my head, shortly lifter became gips, so that you will not be subprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause o: the change in my appearance, as my more intiunte acquaintances were to recognize me at all. I at once made application to the most skillful physicians in, the country, but, receiving no assurances from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Rost-praire was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bette, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative, and as a result have a rich cout of very soft black hair, which no money H. Ocker, do. This enamel may be tinted of any color, from the
pureat white to the deepset black, with all the colors
and shades, between. It imparts to the articles to which
it is spipled a hardness and durability almost incredible, did a beauty surpassing that of the rarest and most
costly of the variegated marbles, and, unlike them, is
impervious to moisture, and will never finds, sinin, or
deteriorist, costing but a fractional part of the price of
ordinary finible.

It is also yaluable for table and stand tops, mantlepieces, mighunguts, and an endiess variety of other articles of staple use. The processor applying the enamel
is simple, while the articles enameled will command a
ready sale, affording large profits. Responsible parties
may procure licenses for manufacturing under the patent for city or prominent towns in the United States,
by applying to the subscribers. A small tariff on, the
articles manufactured will be prejured for the use of
the invention. Circulars giving full particulars will be
fivarded to all applications.

The superior merit and beauty of this enameled
pullding-fixterial to anything in use has the unquall
ded indogeoment of many of the most eminent architects and scientific men of this and other cities.
