The proprietors and manufacturers of HOS-ETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United Blates, because the article has attained a repu-States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more poverfully than volumes of bare assertion or blazding puffery. The consumption of Hostetter's Stomach Bit-ders for the last year amounted to over a half-million bottles, and from its manifest stendy increase in times past, it is evident that during the coming year the consulption will reach pear one million bottles. This immense amount could never have been sold but for the para medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stonnehic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained
by extraordinary efforts in the way of trum

estimation of an invaluable medicine, which is
destined to be as enduring as time itself.
Hostetter's Stomach Bitters have proved
a Godsend to regions where fever and agno
and various other bilious complaints have

able to state confidency that the "Bitters"
are a certain cure for the Dyspepsid and like
diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter
from the stomach, purifies the blocd, and
imparis renewed vitality to the nervous system,
giving it that tone and energy indispensable

We have the evi-dence of thousands of, aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article.
