od, that there are but few cases of disease which will not, at an early period, succumb to its healing and life giving properties.

For ages, has the treatment of nulmonary diseases occupied the greater portion of the attention of the scientific of the medical world, but I one acquired more enfinence in his treatment of these diseases, than the celebrated Prussian Dr. Hoofland, that one riginator of the Balsamic Cordial. His life was devoted to the production of remedie that would stand unrivalled. How well he has succeeded, the American people are able to judge: and we positively assert, that no preparations that have ever been placed before them, have conferred the same amount of benefits on suffering humanity, or have elicited so many commendations from all classes of society as the remedies of Dr. Heofland, prepared by Dr. C. M. Jackson & Co., of Philadelphia.

The Cordial is designed for a class of diseases more general and more fatal than any other to which the people of this country are subject—those springing from a "BLOHT COLD." That eminent authority, Pr. Bell. says: "I will not say that Colds to our inhabitants what the PLAGURAND ACCOUNTIES; but I can aver confidently that they usher in disease of greater complicity and mortality than these latter."

Proc. O. J. Wood: Bear Siz.—In the latter part of the year 1852, while attending the State and National Liw School of the State of New York, my hair, from a cause unknown to ma, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was alm-six entirely bereft of its covering, and much of the remaining portion upon the sida and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my raturn to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause o. the change in my appearance, as my more intimate acquaintances were to recognize me at all I at once made application to the most skillful physicians in the country, but, receiving no assurances from them that my hair could again be restored. I wes forced to become reconciled to my fite, until, fortunately, in the latter part of the year 1857, your Restrative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I trued one bottle, and found to my great satisfaction that it was producing the desired effect. We are kindly permitted to refer to the undersigned, who have given us written recommendations, but want of space prevents us from giving them in full. Read the following:

We have carefully examined this engraving, offered for a sale in this community by Mesers, Austin & Wehrly, and do not hesitate to pronounce it one of the finest works of uncircan Art we have ever seen. The design is beautiful, the style of execution is superior, and the illustrations are exglient. Its appearance will at once secure for it the admiration of a refined e-minutity, and recommend it to the Christian public. It is highly ornamental, and is calculated to exect a refining influence in a family, and an elevating and purifying effect upon the merals and religion of society, and it is should meet, as we understand it deserves, with a rapid and extensive sale.
