The proprietors and manufacturers of HOS-TETTERS: CELEBRATED STOMACH BIT-TETTERIS CELLEBRATED STOMACH BITTHIS can appeal with perfect confidence to
sphysicians and citizens generally of the United
Biates, because the article has attained a reputation heretofore unknown. A few facts upon
this point will speak more powerfully than
volumes of bare assertion or blazoning puffery.
The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest stendy
increase in times past, it is evident that during increase in times past, it is evident that during the coming year the consumption will reach acar one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpoting the qualities of the Bitters, but a solid estimation of an invaluable medicino, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godeend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like

able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs. the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged mon and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deletorious drugs and fairly tested the merits of this article. A few words to the gentler sax. There are certain periods when their cares are so harassing that many of them. their cares are so harassing that many of them mak under the trial. The relation of mother and child is so absorbingly tender, that the mother especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora-tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase
