FOUTZ'S CELEBRATED Horse and Cattle Powders.

Horse and Cattle Powders.

These Powders have proved, after a trial of several rears, to be superfor to any preparation of the kind in use: The chief superfority of these Powders arises from the fact that they are composed of Medicines that have laxitive Toulcand Purifying properties. The Laxative dects crudities from the stomach and intestines: the long gives strength to the system of the Horse, and the purifying medicines contained in them civanse the blood, and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, strengthens the appetite and gives the horse a fine, mooth and glossy skin—impriving the appearance, vigor and spirit of the noble animal.

These Powders are not intended, as most powders are, to bloot the animal, so as to give him the appearance of heing fix when not really so—but, to remove the disease and premote his general health.

These Powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slavering, Coughs, Loss of Appetite, and Vital Enercy, &c. These Powders, if used two or three times a week, through the whoter and spring, your Horse will never get the Lung Fever, volic or Botts. A few doses of these Powders will remove the worst Cough on any Horse. Were owners of Horses to feed a few of these Powders every year, they might save the lives of many valuable Horses.

MILCH COWS. The properties this Powder possesses in increasing the quantity of Milk in Cows. gives it an importance and value which should place it in the hands of every person keeping a Cow. In fattering Cattle it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS.

In all diseases of Swine, as Coughs, Ulcers in the Lungs and Liver, &c., by putting from half a paper to a paper of these Powders in a barrel of Swill. Its above diseases can be cured or entirely provented. By using these Powders the ling Chelera can be prevented. Prepared by S. A. FOUTZ, Westminister. Md.

NEW VOLUME.

NEW VOLUME.

On the seventh of September, 1861, THE NEW-YORK WEEKLY TRIBUSE commenced the twenty-first year of its existence; THE DAILY TRIBUNE being some months older, and the SEMI-WEEKLY TRIBUNE somewhat younger. For more than twenty years this journal has labored in what its conductors have felt to be the cause of Humanity, Just's and Freedom-endox-roring to meliorate the condition of the oppressed and univertunate, to bonor and encourage merul exertion in whatever sphere, and, to promote by all ments the moral, intellectual and material advancement of our country. It has almed to be right rather than popular, and to espouse and commend to-day the truth that others may not be willing to accept till to morrow. In pursying this course, mistakes have doubtless been made and faults committed; but, having in all things incited our readers to think and judge for themselves rather than slopt blindly our own and others' conclusions, we believe we may fairly claim for this journal at the credit of having qualified its readers to detect and expose even its own errors. To develop the minds of the young by the most general, thorough and practical feducation, and to encourage and attimulate Productive Industry, throut here grants of Public lands to actual settlers and cultivators, as also through the protection of immature or peculiarly exposed branches from tooppowerful foreign competition; are among the alms to which this journal has addered through good and evil report, and which it steadfastly commends to American patriotism and philauthropy.

As to the Clvil War now devastating our country, we hold it to have originated in a Rebellion more wanton, wicked-law considering with which the Federal Government and tis fairly chosen rulers, and to second with all our ourgios their efforts to uphold the Union, the Constitution, and the supremency of the Laws. And, though the teachillo has become, through usurpation, deep

onergies their efforts to uphold the Union, the Constitution, and the supremacy of the Laws. And, though
the Robellion has become, through usurpation, deception, terrorism, and spollarion, fearfully strong, we believe the American Ropublic far stronger, and that the
unanimous, earnest efforts of loyal hearts and hands
will insure its overthrow. But on all questions affecting the objects, the scope, and duration of this most
extraordinary contest, we defer to those whom the
American People have clothed with authority, holding
unity of purpose and of action indispensable in so grave
an emergency.
