FOUTZ'S CELEBRATED Horse and Cattle Powders.

These Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these Powders arises from the fact that they are composed of Medicines that have Laxative Tonic and Purifying properties. The Laxative elects crudities from the stomach and intestines; the Tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, strengthens the appetite and gives the borse a fine, sunoth and glossy skin—improving the appearance, vigor and spirit of the uoble animal.

These Powders are not intended, as most plowders are, to bloat the animal, so as to give him the appearance or These Powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his genoral health.

These Powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of lung Fever, and a certain remedy for all diseases incident to the florse, as Glanders, Vellow Water, Distences Founder, Heaver, Slavering, Courbs, Loss of of lung fever, and a certain remedy for all diseases incident to the Horso, as Glanders, Yellow Water, Distempors, Founder, Heaves, Slavering, Coughs, Loss of Appetite, and Vital Euregy, &c. These Powders, if used two or three times a week, through the winter and spring, your Horse will nover get the Lung Fever, Colle or Botts. A few doses of these Powders will remove the worst Cough on any Horse.—Were owners of Horses to feed a few of these Powders every year, they might save the lives of many valuable Horses.

MILCH COWS. The properties this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it in the hands of every person keeping a Cow. In fattening Cattle it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS.

In all diseases of Swine, as Coughs, Ulcers in the Lungs and Liver, &c., by putting from half a paper to a paper of these Powders in a barrel of Swill, the above diseases can be curred cr entirely prevented. By using these Powders the Hog Cholera can be prevented. Prepared by S. A. FOUTZ, Wostminister, Md.

INSTATE NOTICE.—Letters testa- THE NEW-YORK TRIBUNE. NEW VOLUME.

On the seventh of September, 1801, THE NEW-YORK WEEKLY TRIBUNE commenced the twenty-first year of its existence; THE DAILY TRIBUNE commenced months older, and the BEMI WEEKLY TRIBUNE somewhat younger. For more than twenty years, this journal has labored in what its conductors have felt to be the cause of Humanity, Jutics and Freedom, endeavering to mellorate the condition of the oppressed and unfortunate, to happer and encourage useful exection in whatever sphere, and, to promote by all means the moral, intellectual and material advancement of our country. It has gimed to be right rather than popular, and to espouse and commend to-day the truth that oftens may not be willing to accept still to morrow. In pursoing this course, mistakes have doubtless been made and faults committed; but, having in all things include our readers to think and judge for themselves rather than adopt blindly our own and others' conclusions, we believe we may fairly claim for this journal the credit of having qualified its readers to detect and exposs even its own errors. To develop the minds of the young by the most general, thorough and practical Education, and to encourage and stimulate Productive Industry, through free greats of Public Lands to actual settlers and cultivators, as also through the protection of immature or peculiarly exposed branches from too powerful foreign competition, are among the aims to which this journal has adhered through good and evir proper, and which it steadfastly commends to American patriotism and philauthropy.

As to the Civil War now devastating our country, we hold it to have originated in a Rabellion more wanton, wicked, inexcusable, than was ever before known—a Rebellion in the Interest of the few against the many—a Rebellion in the laterest of the few against the many—a Rebellion in the Interest of the few against the many—a Rebellion in the Interest of the few against the many—a Rebellion and its fairly chosen rulers, and to second with all our oneigles their efforts to uphold the Union, the C

onergies their efforts to uphold the Union, the Consti-tution, and the supremacy of the Laws. And, though the Rebellion has become, through usurpation, decep-tion, terrorism, and spollation, fearfully strong, we be-lieve the American Republic for stronger, and that the unanimous, earnest efforts of loyal hearts and hands will insure its overthrow. But on all questions affect-ing the objects, the scope, and duration of this most extraordinary contest, we defer to those whom the American People have clothed with authority, holding unity of purpose and of action indispensable in so grave an emergency.

THE TRIBUNE, No. 154 Nassau st., New-York. Sept. 20, 1861. CARPETS! CARPETS!
