CAN NOT BE CURED in the mass of the people, what ever the misanthropic philosophers may say to the contrary. Show them a good thing, let its merits be clearly demonstrated, and they will not hesitate to give it their most cordial patronage. The mass fail to give in their most cordial approval a physician, who have clearly ratified the judgement of a physician, concerning the virtues of DR. PEIRCE'S BITTERS, as a remedy for the immense quantities of this most valuable which are annually sold in every section of the land. It is now recognized as greatly superior to all other remedies ever devised for diseases of the digestive organs, or that flow from derangement of these organs, or that flow from derangement of these organs, such as Sick Headache, Dysentery, dyspepsia, and for the various woes that arise from derangement of the digestive apparatus of the system. Hostetter's name is rapidly becoming a household word, from Maine to Texas, from the Lakes of the Atlantic to the Pacific. Try the article and be satisfied.
