Aver's Sarsaparilla

A compound remedy, in which we have la-bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other or Fara Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of improves service to this large class of our of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experment on many of the worst cases to be found

of the following complaints:—
SCROPULA AND SCROPULOUS COMPLAINTS,
ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES. BLOTCHES. TUMORS, SALT RHEUM. SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISPASE, DROPSY, NEU-RAIGIA OR TIC DOULOURBUX, DEBILITY, DYSPERSIA AND INDIGESTION, ERYSIPELAS, ROSE on St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity or

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timeblood at that season of the year. By the third-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whonever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the yeins; cleanse it structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations,

for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Saisapa-rilla, but often no curative properties whatev-er. Hence litter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which tests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to-cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

A Por ages, has the treatment of pulmonary diseases occupied the greater portion of the attention of the scientific of the medical world, but none acquired more eminence in his treatment of these diseases, than the celebrated Prussian Dr. Hoopland, the originator of the Balsamic Cordial. Ills life was devoted to the production of remedies that would stand unrivalled. How well he has succeeded, the American people are able to budge; and we positively assert, that no preparations that have ever been placed before them, have conferred the same amount of benefits on suffering humanity, or have clusted so many commendations from all classes of society, as the remedies of Dr. Hoofland, prepared by Dr. C. M. Jackson & Co., of Philadelphia:

The Cordial is designed for a class of diseases more general and more fatal than any other to which the people of this country are subject—those springing from a "stiour coid." That eminent authority, Dr. Bell, says: "I will not say that Colds to our inhabitants what the Phaque and Yellow Feven are to those of other countries; but I can wer conflicantly that they usher in disease of greater complicity and mortality than those latter."
