Ayer's Sarsaparilla

A compound remedy, in which we have laored to produce the most effectual alterative bored to produce the most effectual alterative that can be made. It is a congentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who wife the Stringous complaints, and that one that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found

of the following complaints: —
SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS. PIMPLES, BLOTCHES, TUMORS, SALT RHEEM, SCALD HEAD, SYPHILIS AND SYPHILITIC AP-TECTIONS, MERCURIAL DISEASE, DROPSY, NEU-BALGIA OR TIC DOULOURBUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ENVSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Impurity or THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous soros, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the ritiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell whenever it is foil, and your learning will the you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this blood healthy, and all is well; but with this blood healthy, and all is well; but with this blood healthy, and all is well; but with this blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed

upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the disenses it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on

We refer to the case of Bavid McCreary, of Napler township, Bedford Co., Pa. who, on the 31st day of August, 1858 made affiliative before Justice Gorley that he was treated for the cure of Cancer by three physicians of Bedford county, and by Dr. Newton of the Eclectic College in Cincinnati, for a p-ried of nearly eight months, notwithstanding which, his lip, nese, and a portion of his left check were entirely eaten away! He had given up all hope, when he heard of the 'Blood Searcher,' and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his life. The full particulars of this remarkable case may be seen in a circular, which can be had of any of the Agonts.

The Balsamic Cordial is entirely a Vegetable production, combining the heeling properties of the Balsam, with the invigorating qualities of a Cordial, producing a combination so well adapted to the purposes intended, that there are but few cases of disease which will not, at an early period, succumb to its healing and life giving properties.

For ages, has the treatment of pulmonary diseases occupied the greater portion of the attention of the scientific of the medical world, but none acquired more eminence in his treatment of these diseases, than the celebrated Prussian Dr. Hoortane, the originator of the Balsamic Cordial. His life was devoted to the production of remedies that would stand unrivalled. How well he has succeeded, the American people are able to 'udge: and we positively assert, that no preparations that have ever been placed before them, have conferred the same amount of benefits on spliering humanity, or have elicited so many commendations from all classes of society, as the remedies of Dr. Hoofland, prepared by Dr. C. M. Jackson & Co., of Philadelphia.

The Cordial is designed for a class of diseases more general and more fuel than any other to which the people of this country are subject—those springing from a "shight coto." That eminent authority. preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence 'itter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has been esynonymous with imposition and cheat. TOUTZ'S CELEBRATED

Horse and Cattle Powders.

These Powders have proved after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these Powders arises from the figg that they are composed of Medicines that have because two foods and Purifying properties. The Laxalive elects cruditles from the stomach, and intestines; the Tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blook and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin—improving the appearance, vigor and spirit of the noble animal.

These Powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of heing fat when not really so—but, to remove the disease and propose his general health.

These Powders will strengthen the stomach and Intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure provention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Muter, Distempers, Founder, Heaves, Slavering, Coughs, Loss of Appetice, and Cital Energy, &c. These Powders if used two or three times a week, through the winter and spring, your Herse will neger get, the Lung Eever, Colice Botts. A few doss of these Powders over year, they might save the lives of many valuable Horses.

MILCH COVVS. Horse and Cattle Powders.

MILCH COWS. The properties this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it to the hands of every person keeping a Cow. In fattening Cattle it gives them an appetite, loosens their hide, and makes them thrive much faster. HOGS.

In all diseases of Swine, as Coughs, Ulcers in the Lungsand Liver, &c., by putting from half a paper to a paper of these Lowders in a barrel of Swill, the above diseases can be cured or entirely prevented. By using these Powders the Hog Cholora can be provented. Prepared by S. A. FOUTZ, Westminister, Md. 19, For sale by S. P. PANNEBAKER, Carlisle, Pa., and by all country storelogepars.
