Ayer's Sarsaparilla A compound remedy, in which we have la-

bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:-

SCROULLA AND SCROFLLOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, Pupples, Blotches, Tumors, Salt Rheum. SCALD HEAD, SYPHILIS AND SYPHILITIC AF-sections, Mercurial Disease, Dropsy, Neu-PALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PERSIX AND INDIGESTION, ERYSIPELAS, ROSE on St. Anthony's Fire, and indeed the whole class of complaints arising from Impulity of

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous seres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is oh structed and sluggish in he veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something pust go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing there ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been mis-During fute years the puone have seen analyted by large bottles, pretending to give a quart of Extract of Satsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Satsaparilla of the seen frauds upon the sick for they not only contain little, if any, Satsaparilla of the seen frauds to the second seen for the second second seen for the second seen for the second rilla, but offen no curative properties whatever. Hence Sitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has beenne synonymous with imposition and cheat. Still we call this compound Sansaparilla, and intend to supply such a remedy as shall rescue the came from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to seeme their complete cradication from the system, the remedy should be judiciously taken according to directions on

for the relief and (if at a l possible) cure of Putients in advanc-cd stages of the lutter disease.

The Balsamic Coroilal is entirely a Vegetable production, combining the heeling proporties of the Balsam, with the Invigorating qualities of a Coroilal, producing a combination so well adapted to the purposes intended, that there are but few cases of disease which will not, at an early period, succumb to its healing and life giving properties.

For ages, has the treatment of pulmonary diseases occupied the greater portion of the attention of the scientific of the medical would, but rone acquired more eminence in his treatment of these diseases, than the celebrated Prussian Dr. Hopeland, the originator of the Balsamic Corollal. His life was devoted to the production of remedies that would stand unrivalled. How well he has succeeded, the American people are able to udder, and we positively assert, that no preparations that have ever been placed before them, have conterred the same amount of benefits on suffering humanity, or have elicited so many commondations from all classes of society, as the remedies of Dr. Hoofland, prepared by Dr. C. M. Jackson & Co., of Philadelphia.

The Corollal is designed for a class of diseases more general and more fatal than any other to which the people of this country are subject—those springing from a "Stiour co.n." That eminent authority, Dr. Hell, says: "I will not say that Colds to our inhabitants what the Placement Placement and Market they under the disease of greater complicity and mortality than these latter."

which has taken over fifty First Class Premiums at State and County Fairs. To the Farnus of Cumberland, York and Perry counties we need not speak in detail of the merits of this drill, as severes of them are new in use on the less farms in these counties. His reputation is established as the most complete Grain Drill now manufactured in the United States. Its sews Wheat, Ryo, Onts. Barloy and Grass, evenly and regular, without bunching the seed. The guns Springs pass the drill over stumps and stones, without breaking pinsor the drill. For even and regular sowing, the Willoughby Gun Spring Drill is unequalled by any other. We also manufacture and sell the following articles, which we can recommend to Farmers as reliable implements, of established character: GUM SPRING GRAIN DRILL,

FOUTZ'S CELEBRATED Horse and Cattle Powders.

Horse and Cattle Powders.

These Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use. The chief speniority of these Powders arises from the fact that they are composed of Medicines that have Leavative Tonic and Parifying properties. The Laxative clocks crudities from the stomach and intestines; the Tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, strengthons have appetite and gives the horse a fine, smooth and glossy skim—improving the appearance, vigor and sight of the moble animal.

These Powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—just, to remove the disease and premote his general health.

These Powders will strengthen the stomach and intestines, cleanse them from ollensive matter, and bring them to a healthy state. They are a sare provefution of Lung Fever, and a certain remety for all diseases incident to the llorse, as Glanders, Yellow Water, Distempera, Founder, Heaves, Savering, Coughs, Loss' of Appetite, and Vital bnevy, &c. These Powders if used two or three times a week, through the winter and spring, your florse will never get the Lung Fever, Colic or Botts. A few doses of these Powders will remove the worst Cough on any florse. Were owners of florses to feed a few of these Powders were owners of florses to feed a few of these Powders were owners of florses to feed a few of these Powders were owners of florses to feed a few of these Powders were very year, they might save the lives of many valuable Horses.

MILCH COWS. The properties this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it in the hands of every person keeping a Cow. In fattening Cattle it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS. In all diseases of Swine, as Coughs, Ulcers in the Lungsand Liver, &c., by putting from balf a paper to a paper of these Powders in a barrel of Swill, the above diseases can be curred or entirely prevented. By using these Powders the Hog Cholora can be prevented. Probard by S. A. FOUTZ, Westmilaister, Md. \$3\_For sale by S. P. PANNEBAKER, Carlisle, Paud by all country storekeepers.
