Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofulla and Schofulous Complaints.

SCROFULA AND SCROFULOUS COMPLAINTS, EMPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISPASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PERSIA AND INDIGESTION. Envergeras Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity or

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no live in the beach. pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the

reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, it any, Sarsapa-rilla, but often no curative properties whatev-er. Hence itter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend we calt his compound sarsaparina, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

tients in advanc-ed stages of the latter disease.

ed stages of the latter disease.

The Balsamic Cordial is entirely a Vegetable production, combining the healing properties of the Balsam, with the invigorating qualities of a Cordial, producing a combination so well adapted to the purposes intended, that there are but few cases of disease which will not, at an early period, succumb to its healing and life giving properties.

For ages, has the treatment of pulmonary diseases occupied the greater portion of the attention of the scientific of the medical world, but none acquired more eminence in his treatment of these diseases, than the celebrated Prussian Dri Hoddann, the originator of the Balsamic Cordial. "His life was devoted to the production of remedies that would attnot unrivalled. How well he has succeeded, the American people are able to udge: and we positively assert, that no preparations that have ever been placed before them. have conferred the same amount of benefits on suffering humanity, or have elicited so many commendations from all classes of Society, as the roundless of Dr. Hoolland, prepared by Dr. C. M. Jackson & Co., of Philadelphia.

The Cordial is designed for a class of diseases more general and more fatal than any other to which the people of this country are subject—those springing from a "stight coop." That eniment authority. Dr. Bell, says: "I will not say that Colds to our inhabitants what the Phacukand Yellow Fevia are to those of other rountries; but I can aver confidently that they usher in disease of greater compilicity and mortality than these latter."

It is no new and untried article, but one that has confidence in its virtues and adaptation, to the diseases for which its recommended.

It is no new and untried article, but one that has stood the test of a twulve years' trial before the American people, and its reputation and sale are unrivalled by any similar preparation extant. The testimony in its favor dron by the most prominent and well known Physicians and Individuals in the country is immense, and a careful persual of the Almanae, published annually dry the proprietors, and to be had graits of any of their Agenta, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

LOUAZ, S CELEBRATED Horse and Cattle Powders.

Horse and Cattle Powders.

These Powders have proved, after a trial of several years, to be superfor to any preparation of the kind in use. The chief superiority of these Powders arises from the fact that they are composed of Medicines that have Laxative Tonicand Purifying properties. The Laxative steets crudities from the stomach and intestines: the Tonic gives attength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, stronathens the appellic and gives the borse a fine, smooth and glossy skilu—improving the appearance, vigor and spirit of the noble animal.

These Powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and premote big general health.

These Powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sore provention of Lung. Fever, and a certain remody for all diseases incident to the Horse, as tilanders, Yellow Water, Distempers, Founder, Heaves, Slavering, Coughs. Loss of Appelite, and Yital Energy, &c. These Powders fit used two or three times a week through the winter and spring, your Horse will never get the Lung Fever, Colle or Botts. A few doss of these Powders will remove the worst Cough on any Horse. Were owners of Horses to feed a few of these Powders every year, they might save the lives of many valuable Horses.

The properties this Powder passesses in increasing the quantity of fills in Cowa, gives it an importance and value which should place it in the hands of every person keeping a Cow. In fattoring Cattle it gives them an apportic, loosens their hide, and makes them thrive much faster. MILCH COWS.

HOGS In all diseases of Swine, as Coughs, Ulcers in the Lungs and Liver, &c., by putting from half a paper to a pupur of these Powders in a barrel of Swill, the above diseases can be cured or entirely provented. By using these Powders tha Heg Cholera can be prevented. Prepared by S. A. EUUTZ, We-tunipister. Md. 199. For sale by S. P. PANNEBAKER, Carliele, Pa, and by all country storokecpers.
