# Ayer's Sarsaparilla

A compound remedy, in which we have la-A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who will be the substances of suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our of immense service this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints: -

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AL-FECTIONS, MERCURIAL DISEASE, DROPSY, NET-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSTPELAS, ROSE OR St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous seres, through which the system will strive to corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

life is disordered or everthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsanarilla, but often no curative properties whatever. Hence "itter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of olloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should judiciously taken according to directions on PREPARED BY

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

# ROUTZ'S CELEBRATED

Horse and Cattle Powders.

These Powders have proved after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these Powders arises from the fact that they are composed of Medicines that have Laxative Tomle and Purifying properties. The Laxative elects crudities from the stomach and intestines: the Tomle gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood and by the foundation for a healthy and vigorous circulation. The use of them improves the wind strengthens the appetite and gives the horse a flue, smooth and glossy skin—improving the appearance, vigor and spirit of the noble animal.

These Powders are not intended, as most powders are, to bloot the animal, so as to give him the appearance of being fat when not really ro—but, to remove the disease and premote his general health.

These Powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure provention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slavening, Coughs, Loss of Appelite, and Vital Energy, &c. These Powders, if used two or three theres a week through the winter and spiring, your Horse will never got the Lung Fever, Colle or Botts. A few doss of those Powders will remove the worst Coughton any valuable Horses.

MILCH COWS Horse and Cattle Powders.

MILCH COWS The properties this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it in the hands of every person keeping a Cow. In fattening Cattle it gives thom an appetite, loosens their hide, and makes them thrive much faster.

HOGS. In all dienass of Swine, as Coughs, Ulcors in the Langs and Liver, &c., by putting from half a paper to a paper of these Powders in a barrol of Swill, the above diseases can be cured or entirely provenied. By using these Powders the Hog Cholera can be prevented. Prepared by S. A. POUTE, Westminister, Ald.
