A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found

of the following complaints: —

Scrofula and Scrofulous Complaints. ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM. SCALD HEAD, SYPHILIS AND SYPHILITIO AF-FECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE or Sr. Anthony STIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great programoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the itiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for elegasing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machiner of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the

reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence liter and painful disappointment has followed the use of the various extracts of has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to seeme their complete eradication from the system, the remedy should be judiciously taken according to directions on PREPARED BY

POUTZ'S CELEBRATED

Horse and Cattle Powders.

These Powders have proved, after a trial of soveral years, to be superior to any preparation of the kind in use. The chief superiority of these Powders arises from the fact that they are composed of Medicines that have Eaxative Tonie and Purifying properties. The Laxative cinets crudities from the stomach and intestines; the Tonie gives strongth to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, strengthens the appetite and gives the horse a dine, smooth and glossy skin—improving the appearance, vigor and spirit of the noble animal.

These Powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of heing fat when not really so—but, to remove the disease and promote his general health.

These Powders will strongthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remody for all diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slavering, Coughs, Loss of Appetite, and Vital Energy, &c. These Powders if used two or three times a wook, through the winter and spring, your Horse will never get the Lung Fever, Colic or Botts. A few doses of these Powders will remove the worst Cough on any Horse. Were owners of lierses to feed a few of these Powders every year, they might save the lives of many valuable lorses. Horse and Cattle Powders.

MILCH COWS. The properties this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it in the hands of every person keeping a Cow. In fattening Cattle it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS. In all diseases of Swine, as Coughs, Ulcers in the Lungs and Liver, &c., by putting from half a paper to a paper of these Powders in a barrel of Swill, the above diseases can be cured or entirely prevented. By using these Powders the Hog Cholera can be prevented. Propared by S. A. FOUTZ, Westminister, Md. &B. For. sale by S. P. PANNEBAKER, Carlielo, Pa, and by gall country storekeepers. Price 25 cepts per paper, or five papers for one dollar. [Aug. 23, 1861. DAINTS AND OILS.—
