# Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experon many of the worst cases to be found

of the following complaints:

Scrofula and Scrofulous Complaints, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFrections, Mercurial Dislase, Dropsy, Neu-RALGIA OR TIC DOULOURLUX, DEBILITY, DYS-PERSIA AND INDIOESTION, ERYSPELAS, ROSE OR Sr. Anthony's Fire, and indeed the whole class of complaints arising from Impurity or

тик Вьоор. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timeblood at this season of the year. By the many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Soomer or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, ontain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles pretending to give a quart of Extract of Sassaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence Sitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Saisaparilla, and intend to supply such a remedy as shall rescue the name from the lead of obloquy which tests upon it. And we think we have ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to cure. In order to seeme their complete radication from the system, the remedy should be judiciously taken according to directions on PREPARED BY

THE ONLY PLACE WHERE A CURE CAN BE OBTAINED. P. JOHNSTON has discovered the most certain, speedy and only effectual remedy in the world fir all private diseases, weakness of the back or limbs, strictures, affections of the kidnoys and bladder, involuntary discharges, impotency, ceneral debility, nervousness, dyspepsy, languor, low spirits, confusion of ideas, palpitation of the heart, thirdity, tromblings, dimness of sight or giddiness, disease of the head, throat, nose or skin, affections of the liver, lungs, stomach or bowels—those terrible disorders arising from the soiltary habits of youth—those secret and solitary practices more fatal to their victims than the song of Syreax to the Mariners of Ulysess, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimoly grave thousands of Young Mon of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to esstasy the living lyre, may call with full confidence.

MARRIAGE MATTIMITATES.

Married persons, or young men contemplating marriage, being aware of physical weakness, organic debility, determities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS

Immediately cured, and full vigor restored. This distressing affaction—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost scorer by those falling into improper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death. OFICE NO 7 SOUTH FREDERICK STREET Left hand side going from Baltimere street, a few doors from the corner. Fail not to observe name and number letters must be paid and contain a stamp. The Doc-tor's Diplomas hang in his office.

A CURE WARRANTED IN TWO DRYS. No Mercury or Nauscous Brugs.—Dr. Johnston mem-ser of the Royal College of Surjeons. London, Graduate from one of the most eminent Codeges in the United States, and the greater part of whose life has been spent in the hespitals of London. Paris, Philadelphia and elsewhere, has effected some of the most astonishing curse that were ever known; many broubled with ring-ing in the bead and cars when asleep, great nervous-ness, being alarmed at sudden sounds, bashfulness, with trequent blushing, attended sometimes with de-rangement of mind, were cured immediately.

TAREPARTICULAR NOTICE Dr. J. addresses all those who have injured themselves or improper indulgence and solitary habits, which ruin soth body and mind, unfitting them for either bus ness, both body and mind, unfitting them for either bus ness, study, society or marriage.

These care some of the sad and melancholy effects produced by early labits of youth, viz: Weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspesy, nervous irritability, detangement of the digosity functions, general debility, symptoms of consumption. Miscrusia—The fearful effects of the mind are much to be diended—bose of memory, confusion of ideas, depression of spirits, evil incebodings, aversion to society, self distruct, love of solitude, timidity, &c., are some of the calls produced.

Wound MEIN

Who have liquided themselves by a certain practice indulged in when alone, a habit frequently learned from exil companions, or at school, the effects of which are nightly left, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

Whit a pity that a young man, the hope of his country, the derling-of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must before contemporaries

templating WARRIAGE. reflect that a sound mind and body are the most necessary requisites to promote connubial happiness—indeed, without these, the pourney through life becomes a weary pigcimace; the prospecthourly darkens to the view; the mind becomes shedowed with despair and ultid with the necimbely reflection that the happiness of another becomes birthted with our own.

ing nim to that characteristic country from whence no traveller returns."

It is a melancholy fact that thousands fall victimas of ignorant pretenders, owing to the unskillfulness of ignorant pretenders, who, by the use of that deadly poisson, Mercury, rinh the constitution and make the residue of lite miserable.

STRANGERS

Trust not your lives, or health, to the care of the many unicarned and worthless pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's alvertisements, or stip themselves, in the newspeper, regularly educated physicians, incapable of caring, they keep you trifling month after menth taking their filthy and poisonous compounds or as long as the smallest fee can be obtained, and in despate, leave you with rained health to sight over your gailing disappointment.

Dr. Johnston is the only Physician advertising. His credentials or diplomes always hang in his office. His remedies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive private practice than any other physician in the world.

INDORSEMENT OF THE PRESS

INDORSEMENT OF THE PRESS. The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the "Sun," "Chipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gradieman of character and responsibility, is a sufficient guarantee to the afflicted. SKIN DISEASES SPEEDILY CURED. Persons writing should be particular in directing their letters to this institution, in the following manner:
