19 day we paid a second vieit to the colege, as we entered the recitation room. Prof.
Chambers was examining the Sentor class on
Mental and Moral Philosophy, as the examination had been in progress for two hours
already, we only heard its close; the subject
of Memory being at that time before the class of Memory being at that time before the class, They then took up Virgil, and afterward, Homer and Xenophen. Paragraphs from these authors were selected at random, and, after the reading, words were parsed, and the rela-tions of the different parts of sentences pointed'out. Much time is spent in applying the Grammar of the language to the lesson of each day. Other examinations will be conducted on Wednesday, Thursday & Friday this week, commencement exercises next week provided, however, the rebels do not inter fere, which, at this present writing, is altogether uncertain.

BALTIMORE LOCK HOSPITAL. established as a refuge from Quackery. THE OTLY PLACE WHERE A. CURE CAN

BE OBTAINED: BE OBTAINED:

R. JOHNSTON has discovered the most certain, speedy and only effectual remedy in the world for all private diseases, weakness of the back or limbs, strictures, affections of the kidneys and bladder, involuntary discharges, inpotency, general debility, nervousness, dyspensy, languor, low spirits, confusion of ideas, palpitation of the heart, timidity, tremblings, dimness of sight or gludiness. disease of the head, throat, nose or skin, affections of the liver, lungs, stounch or bowels—those terrible disorders arising from the solitary habits of youth—those secret and solitary practices more stall to their victims than the song of Syrons to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

ROUNCE RELINE
Especially, who have become the victims of solitary
vice, that drandful and destructive habit which annually sweeps to an untimely grave thousands of Young
Men of the most exaited talents and brilliant intellect,
who might otherwise have entranced listening Senates
with the thunders of eloquence or waked to cestasy the
living lyre, may call with full confidence.

MARRIAGE. Married persons, or young mon contemplating marriage, being aware of physical weakness, organic debility, defermities, &c., speedily cured.

It who places himself under the care of Dr. J. may relixiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS Immediately cured, and full vigor restored. This distressing affection—which renders life miscrable and marriage impossible—is the penalty paid by the victims of improper indulcences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost seener by those falling into impreper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death OFICE NO 7 SOUTH FREDERICK STREET

Y CURE WARRANTED IN TWO DRYS No Moreury or Nauseous Brugs.—Dr. Johnston, member of the Royal College of Surgeons, London, Graduate from one of the most eminent Codeges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either bus ness, study, society or marriage.

Those are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the back and limbs, pains in the head, dinness of sight, loss of muscular power, palpitation of the heart, dyspersy, nervous irritability, derangement of the directive functions, general debility, symptoms of consumption.

Mentally.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of sphilts, evil buebodings, aversion to society, soff distrust, love of solitude, timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and enaciated, having a singular appearance about the eyes, cough and symptoms of consumption. TAKE PARTICULAR NOTICE

YOUNG MEN

WOUNG MEIN
Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from ovil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must before contemplating MARRIAGE.

reflect that a sound mind and body are the most uc-cessary requisites to promote countdial happiness— Indeed, without those, the journey through He becomes a weary pligrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own. DISEASE OF IMPRUDENCE. When the misguided and imprudent votary of pleasure finds that he has limbided the seeds of this painful disease, it too often happens that an ill timed sense of shame, or dread of diseasery, deters hun from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance such as alcorated sore threat, diseased nose, nocturna, pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blatches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the lones of the mose fall in, and the victim of this a wful disease becomes a horrid object of commiscration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whome no traveller returns."

It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignored.

this corrible disease, owing to the unskillfulness of ig-norant protenders, who, by the use of that deadly poi-son, Mercury, ruln the constitution and make the re-sidue of life miserable.

Trust not your lives, or health, to the care of thmany unlearned and worthless pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's a ivertisements, or style themselves, in the newspapers, regularly educated physicians, incapable of curing, they keep you trilling month after month taking their fifthy and polyationous compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh ever your gailing disappointment.

Dr. Johnston is the only Physician advertising.
His credentials or diplomas always hang in his office. His remedies or treatment are unknown to all others, propared from a life spent in the great hospitals of Europe, the first in the country and a more extensive private practice than any other physician in the world INDORSEMMENT OF THE PRESS. The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the "Sun."
