BALTIMORE LOCK HOSPITAL.

STABLISHED AS A REFUGE FROM QUACKERY THE ONLY PLACE WHERE A CURE CAN BE OBTAINED:

PR. JOHNSTON has discovered the most certain, speedy and only effectual remedy in world for all private diseases, weakness of the back limbs, strictures; affections of the kidneys and bladder, involuntary discharges, impotency, general debili ty, nervousness, dyspensy, languor, low spirits, confu sion of ideas, palpitation of the heart, timidity, trem sion of ideas, palpitation of the heart, timidity, tremblings, dinness of sight or gliddiness, disease of the head, throat, nose or skin, affections of the liver, lungs, stomach or bowels—those terrible disorders arising from the solitary habits of youth—those servet and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c, impossible.

YOUNG MEN

Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of cloquence or waked to cestasy the living lyre, may call with full confidence.

MARRIAGE. Married persons, or young men contemplating mariage, being aware of physical weakness, organic debility, deformities, &c., speedily cared. He who places himself under the care of Dr. J. may eligiously confide in his honor as a gentleman, and ufidently rely upon his skill as a ph

ORGANIC WEAKNESS nmediately cured, and full vigor restored. This dis essing affection—which renders life miserable and tressing affection—which renders life miserable and-marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that under-stands the subject will pretend to deny that the power of procreation is lost sooner by those falling into im-proper habits than by the prudent? Besides being de-prived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physi-cal and mental functions weakened, loss of procreative nower, nervous irritability, dyspensia, aphitation of car and munical reoctions weatened, 1088 of procreative power; nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wast ing of the frame, cough, consumption, decay and death OFICE NO 7 SOUTH FREDERICK STREET.

No Mercury or Nauseous Brugs.—Dr. Johnston, member of the Royal College of Eurgeous, London, Graduate from one of the most eminent Colleges in the Unified States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and cars when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately. TAKE PARTICULAR NOTICE. Dr. J. addresses all those who haveinjured themselves, improper indufgence and solitary habits, which ruin

oth-body and mind, unfitting them for either bus ness study, society or marriage.
These are some of the sad and melancholy effects These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the lagart, dyspepsy, nervous irritability, derangement of the digestive functions, general debitity, symptoms of consumption. MENTULY,—The fearout effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

Thousands of persons of all ages can new judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

\_\_ YOUNG MEN\_\_ Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are

evil companions, or at school, tho, effects of which are nightly felt, even when asleep, and it not cured renders marriage impossible, and destroys both mind and body, should apply immediately. What a pity that a young man, the hope of his coun-try, the durling of his parents, should be snatched from all prospects and cojoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must before con-temp'ating

reflect that a sound mind and body are the most ne-cessary regulates to promote comulcial happiness— Indeed, without these, the journey through life becomes a weary pilgrimage: the prospect hourly darkens to the view; the mind becomes shedowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE. When the misguided and imprudent votary of pleasure finds that he has individed the seeds of this painful disease, it too often happens that an ill timed sense of shame, or dread of discovery, deters hum from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horid disease make their appe arancel such as alcerated sore throat, diseased nose, nocturna, pains in the head and limbs, dimness of sight, desfines, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this a wful disease becomes a horrit objected commiscration, fill death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveller returns."

no travelier returns."
It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that deadly poison, Mercury, ruin the constitution and make the residue of life miserable. Trust not your lives, or health, to the care of the many unlearned and worthless pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's a livertisements, or style themselves, in the newspapers, regularly educated physicians, incapable of carling, they keep y u trifling month after month taking their filthy and p dismons compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr Johnston is the only Physician advertising. His credentials or diplomas always hang in his office. His remedies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive private practice than any other physician in the world INDORSEM ENT OF THE PRESS.

INDORSEMENT OF THE PRESS The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the "Sun." "Clipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
