PROMOTED.—Our young friend and fellow townsman, ISSAC B. PARKER, has been promoted from the rank of 1st lieutenant, A. D. C. on Maj. Gen. Hancock's staff, to that of Captain on the same General's staff. Mr. P. entered the army as a private nearly three years ago, and has, by merit alone, won his way to his present honorable position.

The same remarks will apply to another townsman, A. Kennedy Long, who has been promoted to 1st Lieut. in the 13th Tennessee cavalary. It gives us peculiar pleasure to notice promotions such as these.

BOROUGH BOUNTY.—Our Borough Council at a late meeting appropriated the sum of five thousand five hundred dollars for the purpose of paying an additional bounty of one hundred dollars, in order that the quota of our Borough may be filled without resorting to a draft. This act of the Council was unauthorized by the Borough Charter and there was consequently a difficulty to obtain the funds necessary to pay the bounty proposed. To obviate this difficulty six of our citizens, on their individual obligations raised the above sum and have placed it in the hands of our Borough Treasurer, to enable him to carry out the intentions of the Council. The names of these patriotic and public spirited gentlemen are, Henry Saxton, John Noble, Wm. M. Penrose, F. Gardner, Philip Arnold, and A. L. Sponsler, and we are sure our community will thankfully appreciate their disinterested liberality. It affords us pleasure to say that Volunteering has already commenced and that there is every probability that our quota will be filled before the New Year.

COOPER'S

Photograph & Art Gallery,

No 1338 Chestnut Street,

Opposite U. S. Mint.

Gallery, Reception and Operating Rooms

ALL ON FIRST FLOOR.

ALL the styles and sizes of Photographs, Ivorytypes, Ferrotypes or "Tintypes" taken at prices to suit the times.

Pictures Finished in Water Colors, Oil, India Ink and Pastil.

Horses and other animals, Equipages, Country Seats, Ruins, Models of Machinery, &c., for Patenting accurately photographed.

P. F. Cooper desires to call the attention of persons visiting Philadelphia to his new Ground Floor Gallery, where he has introduced newly patented cameras, capable of taking, in a few seconds, one hundred Photographs, from the small stamp or autographic, to the Imperial and Life Size.

After many experiments he has succeeded in placing his skylight at an improved angle, diffusing the light in equal proportions, and producing that softness of tone which cannot be given by the side and sky lights generally used, and which is of so much importance to the beauty of a picture—his room is made of French glass, and is the largest in Philadelphia.

Mr. Cooper has been engaged more than two years in the study and practice of the fine Arts. Long experience as a Miniature and Portrait Painter is a sufficient guarantee for the perfection of the pictures made at his establishment.

The art of Idealizing is well understood; none but the most skilful artists are employed in the respective departments.

All pictures Warranted;—the Ivorytypes will not change to any climate, and will stand the test of acids. Particular attention is paid to giving graceful and easy positions.
